Explorer from Season 1. Summary characters Dora and Boots help Wizzle recover her lost wishes and bring her back home. Dora and Boots' plot reads Wizzle's story The Wizzle and the Four Wishes. First, they took it out of the backpack. After that, they started reading. In the story, Wizzle finds a bag of
desire. There's four in the bag. Wizzle made his first wish for ice cream. Later, Wizzle wanted to make another wish but the remaining three wishes, separating her from her parents. Dora and Boots did all they
could to help Wizzle get home by asking Map. The map says they have to pass through flowering gardens, pass through bean forests and then they have to get up to hope well. When Dora, Boots and Wizzle got to the flowering garden, they found an Isa. Dora, Boots and Wizzle try to catch the first wish,
but the Isa gets it first and hopes its sunflowers grow. The four of them went into flower. Dora, Boots, Wizzle, and Isa down. Afterwards, Dora, Boots and Wizzle exit the Flowery Garden and go to Nutty Forest. Dora, Boots, and Wizzle find desire in crazy bushes. Tico made a wish for peanuts. Suddenly,
some nuts hit Tico's head. Boots tried to tell Tico to be careful, but did not respond, as Tico spoke Spanish, making them tell him cuidado to avoid peanuts instead. Soon after, Dora, Boots and Wizzle exit nutty forest. Now, Dora, Boots, and Wizzle have to figure out how to climb to the top of the hill and get
to the wishing well. They used stepping stones shaped like boxes, six of which were missing. Empty slots are filled to create a complete stepping stone path for Dora, Boots and Wizzle to use to climb up the hill and up to the wishing well. Dora catches the urge and now they have to get Wizzle's book.
After getting it from Backpack, they heard swiper fox, Dora, Boots, and Wizzle stop Swiper to try to swipe the last wish, After that, the last wish escapes the book and comes to the viewer at home. He then captures the final wish and hopes Wizzle returns home with Dora and Boots, Wizzle then jumps back
into the book and reunites with her parents. Places in this episode of Flowery Garden Nutty Wishing Well Items in Backpack (clockwise starting from top right) Yellow book with star (correct item) Green book with Purple Triangle book with rhombus Red book with blue book circle with orange book
rectangular with rectangular Release This episode can be found in the book Purple triangle with a book of Blue circles with a book Orange rectangle This episode can be found in Tape Wish on a Star and THE DVD title Meet Diego! and Dora's Big Birthday Adventure. Trivia Aside from berry hunt's
previous episode credits, this is the first episode to introduce the Wizzle species. This is the 11th episode of the show. This is the first episode in which the Isa is light green instead of dark green. Benny didn't appear in this episode. This is the second episode of
Trio Fiesta not jumping out and shouting the place after Dora and Boots ask Where are we going? during The Song of the Journey. Instead, Wizzle said it. This is the first episode written by Chris Gifford. When Dora and Boots asked viewers to say Peta!, Dora didn't say Harder!, she instead said I think
you should say it again!. Dance Map is recycled from Hic-Boom-oh!. Goofs/iTunes Errors lists this episode as WizzleWishes. There's no room between Wizzle and Desire. When Backpack was checked a second time, the same book from the first segment switched positions. Character Find Señor Tucán

[4]Prod.code11The Big Red ChickenSteve Socki and Arne WongEric WeinerTina Kugler and Ysty VeluzAugust 14, 2000 (2000-08-14)TBA After reading the big red book, titled The Legend of the Big Red Chicken., about a very small chicken that hopes on the constellation of chickens to get a large size
dora and Boots, follow the direction of Map, crossing two obstacles, a wooden bridge (damaged, but repaired by Dora with the help of Señor Tocan) and a wooden gate (locked, but opened by Dora with a recovered four-way key), to get to Big Red Hill to meet the Big Red Rooster. Their journey is
constantly hampered by Swiper, who initially unsuccessfully tries to steal the book and then manages to steal a four-way lock. They eventually reached Big Red Rooster. Note: This is the series premiere episode and also debuts Dora, Boots, Backpack,
Map, Swiper, Trio Fiesta, Señor Tucan, and Big Red Chicken. 22Lost and FoundSteve Socki and Arne WongEric WeinerKaren Heathwood and Kelly KennedyAugust 15, 2000 (2000-08-15)TBA While playing hide and seek, Dora and Boots find Baby Blue Bird, a Spanish-speaking bluebird chick, who has
fallen from her nest, is located in a small blue tree, and has been lost Upon the direction provided by Map, Dora and Boots travel past a banana tree (which they ate to defend themselves) and through a cornfield (filled with angry red ants, which they avoided by following the instructions of the talking
scarecrow who told them to stick to the blue rock path of the field after mistakenly scaring Baby Blue Bird which resulted in not only her crying, but also scarecrow crying) to finally get the girl back to her family in their little blue tree house. Along the way they must; constantly avoid swipers who
unsuccessfully try to steal items they find on their way, such as their food (bananas) and chick gifts to their mother (purple flowers); constantly entertaining girls; and even rediscovered her after she got lost again. Note: This is Baby Blue Bird and Scarecrow's debut. Socki and Arne WongValerie
WalshKaren Heathwood and Kelly KennedyAugust 16, 2000 (2000-8-16)TBA Dora and Boots follow Map's directions to investigate source sources The sound (Hic, Boom, oh!) comes from Yellow Valley, which they heard while playing Loud and Quiet games. They traverse noisy rivers (with the help of
Tico paddling on a blue rowing boat, the only rowing boat available with life jackets and no holes) and enough forest (using acoustic horns from the Backpack to resurrect the sleeping Big Red Rooster that blocks the only way, then also use the tiptoeing road to avoid waking Swiper who has failed to try to
steal their horns). After discovering that the source of the mysterious sound is Benny with hiccups (Hic! - Hiccups, Boom! - Hitting the ground after a fall, oh! - Exclamation), they help heal Benny's hiccups by helping him count aloud to 10. Note: This is Tico and Benny's debut. 44BeachesGary ConradEric
WeinerKaren Heathwood and Zac MoncriefAugust 17, 2000 (2000-08-17)TBA Dora gave Boots a floating swimming ring, after they decided to swim on the beach. Following Map's directions, they travel through some yellow sand dunes via a yellow path (also helping Benny who continues to take the
wrong path) and down a wooden walkway accessed by a rope ladder (a plank that was lost, but repaired by Dora and Boots). During this trip, they repeatedly meet Swiper from trying to steal Tico's ice blocks (a friend they met along the way), and then recover the Boots floaty after Swiper
manages to steal, and then dispose of it, it. They reunite with Tico and Benny to swim on the beach, patrolled by octopus lifeguards (Val). Note: This is Val the Octopus's debut. 55Es CreamGary ConradEric WeinerKelly Kennedy and Ty SchafrathAugust 18, 2000 (2000-08-18)TBA Dora and Boots just
missed getting ice cream from an ice cream truck (operated by Val the Octopus). After learning from Benny that the ice cream truck was heading to Coney Island (an island with a giant ice cream cone on it), they followed Map's instructions to get there, namely past the strawberry mountain (get a ride from
Tico in his car) and cross the brown lake (using a brown boat, which they had to recover after Swiper managed to steal, and then disguards, it was). On the island of Coney, Isa tells them about the location of the Ice Truck and the cost of ice cream (8 coins). Dora and Boots call ice cream (using Cheers of
Ice Cream for Ice Cream) and each buys ice cream using coins from Backpack. Note: This is the debut of the Isa. 66Choo ChooGary ConradEric WeinerBob Curtis and Tina KuglerAugust 21, 2000 (2000-08-21)TBA Dora and Boots visited the train station to see the train (green, red, and blue) and
encouraged them to blow their whistles, finding that the smaller blue train (Azul) was not After learning that the first prize in the big yellow station was the big whistle, they helped Azul Azul in the race. Following directions, they traveled up the mountain (helping
Azul with the steep climb of the mountain with cheers of encouragement) and through the tunnel (helping azul with the flash of the Backpack, thus helping them see and almost avoid colliding with the upcoming gray train). The other two trains (green and red) tyres will initially fast, allowing them to win the
race. Swiper continued to hamper their efforts by initially successfully stealing, and then disposing of, part of the blue line train tracks (repaired by Dora and Boots after recovering the missing piece of track) and then unsuccessfully trying to steal the race whistle prize. Note: This is Azul's debut. 77Treasure
IslandArne WongEric WeinerKelly Kennedy and Ty SchafrathAugust 22, 2000 (2000-08-22)TBA Dora and Boots learn about buried treasure chests, accessible with blue keys, from the Pirate Parrot, which they discovered during game I spy. After finding the blue keys and getting directions from Map, they
traverse a long mire of sticky icky mud (using wooden planks, acting as a bridge, as directed by pirate parrots, scout tree keepers) and across Crocodile Lake (using a boat that sails by the Pirate Parrot and soothes crocodiles by singing Grande, Grande Grande!), to get to Treasure Island. The Pirate
Parrot introduces them to the Pirate Pig which shows them where to find and dig buried treasures (gold coins, toys, chocolate cup cakes with pink ice and stickers), which they all share. Their journey is hampered by a swiper who twice attempts to steal a blue key (after success), and throws it away.
88Three Little PiggiesGeorge ChialtasCarin Greenberg BakerKaren Heathwood and Zac MoncriefAugust 23, 2000 (2000-08-23)TBA Dora and Boots visited the pigsty to give each of the three blue ribbon pig dwellers (from Backpack) a good one. While unsuccessfully trying to steal the tape, Swiper leaves
the gate open, allowing the pig to escape. Following Map's directions, Dora and Boots found 3 pigs, one in a haystack in a hay field, one hiding behind a few barrels in a shed, and the smallest (Oinky) on an unstable apple tree branch (rescued by Dora using a net from a backpack). Because it's too heavy
to carry, Dora and Boots use carts to collect and return pigs to their pens, before Swiper can steal their ribbons. The cart caused a variety of problems on their way that needed to be resolved, namely rolling down the hill to almost run to the gate (a collision avoided by Tico opening it) and getting stuck in
the mud. 99Big RiverGary ConradLeslie ValdesBob and Tina KuglerAugust 24, 2000 (2000-08-24)TBA Boots started singing and dancing about her red boots, after Dora caught an older pair of boots while fishing in the river. One of boots slipped red boots, so she and Dora used a boat (damaged, but the
hole is fixed by Dora and Boots) to follow the directions of Maps to retrieve it. They follow closely behind the boots while walking down but opened by Tico), past some rapids (having to duck under oversling branches), past frog rocks (which Dora and Boots have to
line up to avoid bumping into them), and then into waterfalls (avoided by taking a 'water slide'-like creek running parallel to the obstacles). They took red boots from the river at the bottom of the waterfall, using a fishing rod from Backpack. Swiper hampered them on this journey, initially unsuccessfully
trying to steal the boat after they repaired it, and then unsuccessfully trying to steal the boots taken after being rescued from the river. 1010Berry HuntArne WongEric WeinerKelly Kennedy and Ty SchafrathAugust 25, 2000 (2000-08-25)TBA After Dora ate five blue berries her mother packed for her, Dora
and Boots went hunting more at Blueberry Hill. After getting a little blue pail to take them (from backpack) and directions to Blueberry Hill (from Map), they cross the Icy Cold River (using a rowboat) and the Thorny Forest (using one of the redundant vines to swing), to get to Blueberry Hill (locked, but
accessed with the Spanish password Abre!). While picking blueberries, they try to keep as much as possible to avoid resurrecting Swiper, who lives in a protective hole on the hill. However, after selecting 15 of them, they had to fend off Swiper's attempts to steal the freshly picked blueberries. They are
then chased off the hill, and return to all the obstacles the way they came, by a hungry bear. They run away from the bear when he can't swim all the way over the icy river to follow them, allowing Dora and Boots to celebrate and eat the blueberries they get. 1111The wishes of WizzleGeorge ChialtasChris
GiffordKaren Heathwood and Zac MoncriefAugust 28, 2000 (2000-08-28)TBA Dora reads Boots a story (The Wizzle and the Four Wishes) from a book about desire (yellow with a star emblem) from Backpack. In the story, a 'wizzle' child (Wizzle) finds a bag with a four-star desire. After using his initial
desire (for ice cream), Wizzle had to pursue one of his desires, fascinated by a gust of wind, out of the storybook, while trying to wish himself a return to his storybook parents (mummy and father), yet another gust of wind blew his three remaining wishes away. After Map advises them that the desire leads
to a well of hope, Dora, Boots, and Wizzle go past the Flowery Garden (they are trapped on top of a giant sunflower, too great by the use of Isa from one's wishes, but escape by sliding down its trunk), through a forest of beans (save Tico from being hit by a large fallen bean, by shouting cuidado warning!,
after Tico uses one of the desires to conquer them all), to get the the well hopes on a slippery muddy hill (with a broken stepping stone path all the way to the well, which they repair by replacing the missing stepping stone). Dora catches the last remaining star and prevents Swiper from stealing it, allowing
her to use to hope Wizzle returns to her parents' house in the storybook. 1212The Grandmother's HouseArne WongEric WeinerTina Kugler and Erik WieseAugust 29, 2000 (2000-08-29)TBA's mother Dora (Mami) gives Dora a basket of treats (cake, mango, some rice pudding, and a picture that Dora has
pulled from her boots and herself.) to give to Dora's grandmother (Abuela), to make Abuela feel better as she recovers from a cold. Following Map's instructions, Dora and Boots cross bumpy bridges (using the fishing pool from Backpack to pick up baskets when falling into the ravine of the bridge range)
and cross the Turtle River by stepping on some spanish-speaking turtle resident shells (initially having to find a basket when they place it on the turtle's back and get carried away) to get to Grandma's house. During their journey, they must continue to avoid Swiper who made several failed attempts to
steal the basket. Note: This is Mami and Abuela's debut. 1313George ChialtasEric WeinerKelly Kennedy and Ty SchafrathAugust 30, 2000 (2000-08-30)TBA Today was Boots' birthday and to celebrate, Dora and her friends held a big surprise party for her. 1414SelotipGeorge ChialtasChris GiffordKaren
