New hero is released and want to contribute? Fill in the hero details and send us JSON exports :) E7 Gacha Simulator @EpicSevenDB Twitter Feed Summon Simulator for the mobile game Epic Seven Page 2 Summon Simulator for the mobile game Epic Seven Cassidy is an author and scientist who likes to play mobile games in his spare time. How does summoning work in the Epic Seven? Epic Seven is a gacha tactical role-playing game that allows the player to summon various heroes and artifacts that they can use and improve to maximize their teams for adventures and battles with other players. Recall is a lottery-like system that gives players a good chance to capture low-rarity heroes and artifacts and small to achieve high rarations. They decently require different types of in-game currencies, and multiple summonses are often necessary to get the collector's items you want. The types of decent in GameEpic Seven has 6 types of Summon Mystic Summon Moonlight Summon Friendship Summon Drop Rate Up Summon Pet Summon Epic Seven Covenant Summon Screen1. The SummonCovenant Summon alliance is a standard summon in Epic Seven, and each summon requires 5 covenant tabs. They can be purchased in the shop for Skystone, the main in-game currency. As you can see below, you can get 5 alliance bookmarks for 100 Skystone or 50 alliance bookmarks plus 400 Stigmas for 950 Skystone, a small discount. You will also receive 1 free call per day. Epic Seven Normal ShopWhat you can get From a Covenant SummonThis summon contains most 3- to 5-star heroes and artifacts, including Moonlight heroes (light and dark heroes) with a low drop rate. If you click on the icon shown in the following in-game illustration, you'll see accurate drop rates for each hero and artifact. Finding drop rates for Epic Seven Decently Epic Seven Covenant Summon Drop RatesMay see, there is a slightly better chance to summon a hero than an artifact. 5-star heroes and artifacts have a very low drop rate, 1.4% for a 5-star hero, including Moonlight heroes, and 1.75% for a 5-star artifact. 4-star drops are slightly more common, and 3-star drops are the most common. Drop rates are broken down below, showing the exact probability of each hero and artifact being summoned. Epic Seven Mystic Summon Screen2. Mystical DecentMystic allows you to summon from a more limited pool of heroes and artifacts. This call requires 50 Mystic Medals, which are purchased mainly by guild wars. Guild Wars take place every Monday, Wednesday, and Friday, and Mystic Medals are awarded the next day based on the guild's war results. Epic Seven Guild Battlefield Screen showing rewards are available for Guild WarGuild War Mystic Medal RewardWhat you can get from a Mystic SummonPula summon composed of 2 Moonlight heroes and 16 normal heroes and artifacts. Moonlight heroes change every 28 days, and normal heroes and artifacts change every 7 days. Epic Seven Mystic Summon Drop RatesAs, Mystic Summon consists of 18 heroes and artifacts, including 1 5-star Moonlight hero, 1 5-star normal hero, 1 4-star Moonlight hero, 4 4-star hero, 4 3-star heroes, 1 5-star artifact, 3 4-star artifacts and 3 3-star artifacts. You're also guaranteed to receive the current 5-star Moonlight hero after the 200th decent, and this countdown will be transferred when Moonlight heroes move. You can see what the next summoning pool for Mystic Summon will consist of by clicking on the icon shown below. This allows you to make an informed decision as to whether you should now Mystics, or save on a better summoner pool. Mystic Summon Upcoming DropsEpic Seven Moonlight Summon Screen3. SummonMoonlight Summon is a rarely used summon that allows you to summon moonlight heroes (bright and dark heroes). This requires Galaxy Bookmarks, which can be purchased from the Transmit Stone Store, shown below. To purchase 5 Galaxy Bookmarks that can be used for a single moonlight call, you need 6 gold transmitting stones. The Golden Transmission Stones are purchased mainly through the Decent Alliance. You receive it for every 20 alliance novuuals. Epic Seven Transmit Stone Shop Another thing you can buy with The Golden Broadcast Stones is a 4-5 star hero ticket that has a drop rate of 15% for a 5-star hero and 85% for a 4-star hero. This does not include Moonlight heroes. Most people recommend buying Galaxy Bookmarks instead of from Moonlight heroes are so rare. However, a 4-5 star ticket can be useful at the beginning of the game if you really want a rarer unit, as it provides the best chance of getting a 5-star hero. Epic Seven Moonlight Summon Drop RatesCo can be obtained from Moonlight SummonMoonlight Summon gives you the chance to summon 3- to 5-star Moonlight heroes with no chance of summoning artifacts. It has a higher drop rate for 4- and 5-star heroes than other calls. Epic Seven Friendship Summon Screen4. Friendship SummonFriendship Summon allows you to summon 2-star heroes and 1- to 2-star artifacts using friendship tabs, which can be purchased from the Friendship Store for Friendship Points. You will receive 10 points for using a friend's unit and 5 points for using a random unit. You also receive points three times a day when your support units are used by other players. Epic Seven Friendship ShopIn addition to the Friendship tabs, you can also use friendship points to buy energy and flags once a day for Arena matches. Epic Seven Friendship Summon Drop RatesWhat you can get from Friendship SummonAs you can see, Friendship Summon allows you to get cheap, low rarity heroes and artifacts. They are most commonly used as fodder to promote their heroes and improve their artifacts. Epic Seven Drop Rate Up Summon Screen for Kawerik5. Drop Rate Up SummonADrop Rate Up Summon is a summoning of a covenant with only 1 available 5-star hero in the summon pool and an increased drop rate for a 1 5-star artifact. Note that while the chance of summoning a promotional 5-star hero is much greater than normal, your chance of getting a 5-star hero is actually lower than a normal decent alliance. It is also not possible to summon a moonlight hero. You're guaranteed to summon a promotional 5-star hero in 120 summonses, and the use of Drop Rate Up Summon still counts to earn Golden Transmitting Stones.Sometimes there will also be a limited summon time. These are like drop rate calls except that the promotional hero will not be added to the summons pool after completing the drop rate up call. Drop Rate Up Summon Drop RatesWDrop rate up summon, the promotional 5-star hero has a 1% drop rate, and the promotional 5-star artifact has a drop rate of 1.05%. Epic Epic Pet Summon6. Pet SummonThe Pet House is unlocked when you reach rank 45. Here you can adopt animals with Pet Summon, which requires Pet Adoption Tickets. They can be purchased at the pet store for gold, skystone and homemade snacks. You get one free Pet Adoption for the day. Adopted animals start from 1 star and can reach 4 stars. Each pet has a rank skill between D and S that provides benefits in the lobby or during combat. Animals with higher star counts can have many skills. Epic Seven Pet ShopCo can get from pet summonthe pet to summon the drop rates are shown below. Animals with S skills have the lowest drop rates, and animals with Rank D skills have the highest drop rate. There is also a small chance of adopting a pet with a special form. Epic Seven Pet Summon Drop RatesNormal Summon Mystic Summon Moonlight Summon Rate Up Summon Current Banner Units: ✨ New Hero: Luluca ✨ New Artifact: Spirit's Breath ✨ Mystic Heroes: Sage Baal & Sezan & Crescent Moon Rin This site will no longer be updated. GamePress has a much better and updated simulator that you can go through here. We apologize for this inconvenience. If you are a developer, you can fork out this repository and make an updated version. It was the Heart under the blade, signing up.
