Swimming merit badge worksheet 2020

May, 2014 Do the following: Explain to your consultant how Scouting's Safe Swim Defense plan envisions, helps prevent and mitigate, and provides answers to the likely dangers you may encounter during swimming activities. Talk about preventing and treating health problems that could occur while swimming, including hypothermia, dehydration, sunburn, heat exhaustion, heat stroke, muscle cramps, hyperventilation, spinal injuries, punctures and bites, and cuts and abrasions. Before you do the following requirements, successfully complete the BSA swimmer test: First jump your feet into the water over your head in depth. Straighten and swim 75 meters in a powerful way using one or more of the following moves: side, pectoral, trudgen or crawling; then swim 25 meters with a light, resting backstroke. 100 metres must be completed in one swim, rest adrift. Swim continuously for 150 meters using the following moves in good shape and in a powerful way: front crawl or trudgen by 25 meters, back crawl 25 meters, sidestroke by 25 meters, sidestroke by 25 meters, sidestroke by 25 meters, breaststroke by 25 meters, breaststroke by 25 meters, breaststroke by 25 meters, sidestroke by 25 meters, and elementary back for 50 meters. Do the following: Show water rescue methods by reaching out with your hand or foot, reaching for a suitable object, and throwing lines and objects. Explain why swimming rescues should not be attempted when rescue is possible or thrown away and explain why and how the rescue swimmer should avoid contact with the victim. With an accomplice and a victim of the exercise, show the rescue line both gently and as a savior. The victim of the exercise, show the rescue line both gently and as a savior. The victim of the exercise, show the rescue line both gently and as a savior. The victim of the exercise, show the rescue line both gently and as a savior. The victim of the exercise, show the rescue line both gently and as a savior. The victim of the exercise, show the rescue line both gently and as a savior. The victim of the exercise, show the rescue line both gently and as a savior. The victim of the exercise, show the rescue line both gently and as a savior. The victim of the exercise in a resting position for at least one minute. Show survival by floating for at least five minutes. While wearing a properly equipped U.S. Coast Guard-approved life jacket, show help and huddle positions. Explain their purposes. Explain why swimming or surviving floating will accelerate the appearance of hypothermia in cold water. In the water above your head, but not to exceed 10 feet, do all of the following: Use your feet using the first method of surface diving and bring an object from the bottom. Make a headfirst surface dive (pike or tuck), and bring the subject up again. Make a headfirst surface diving an object from the bottom. Make a headfirst surface diving the guidelines set in BSA Safe Swim Defense, in water at least 2 meters deep*, show a standing headfirst jump from the dock or pool deck. *If your country, city, or local community requires water depths of more than 7 feet, it is important to abide by that mandate. Explain benefits of regular aerobic exercise and talk about why swimming is as popular as fitness and therapeutic exercises.
