We don't have a shelter. We grow and evaluate Danes in our homes and test their temperament until we can put them in a permanent home. We have an organization of 501 (c)3 based outside of Pensacola, FL. We serve a large coverage area of Jacksonville, FL across the I-10 corridor west through South GA, along the Panhandle of FL, Alabama, Mississippi, and to Louisiana Down to New Orleans. All Danes are now brought in vaccines, spayed or notards, micro-chips, and heartworms tested before adoption. When you choose to adopt, you're a strange hero! You're saving a life you can literally find any breed through salvation - there are so many big puppies, dogs, cats, kittens, bunnies—even horses—looking home for a variety of reasons, mostly through absolutely no fault of their own. Check out the big rescues on this page and call them if you have questions! Petfinder is also another great resource. If you feel overwhelmed and would like some help, please email woof@unleashjax.com information about our requested service. Admit it, don't get a shop! Buying puppies from pet stores and backyard breeders is never a good idea. All the puppies you see in stores come from puppy mills (no matter what the store colleague says), a good breeder wants to know where their puppies end up . A terrible puppy mill, abusive places that you are supporting when you buy from a store. The parents of that puppy spend their days in pain, if you haven't physically seen where your puppy comes from, don't buy it! Click on the shelters and rescue below to see the pets available for adoption! Our mission here in the gentle giant Great Danish Rescue is to save, revive, and return to the great Danish house to love and secure forever home. We are fully vet potential acceptors, need to have home visits, reference checks, and all that we can do to match danish character and needs with a family that is best suited. Danes are not placed in our rescue in a shelter or type setting facilities, but also in our homes, or in approved foster homes that follow strict requirements to ensure the safety and well-being of every Dane. Our rescues are part of our families and we need to follow up and visit, get health checks and stay in touch with all the families who have opened their homes and hearts to this amazing breed. We also work with local veterinarians familiar with giant breed dogs to provide full medical treatment and the best care for all our rescues. Gentelle Giants is a large Danish Nejat, a nonprofit company incorporated in the state of Florida, and 501 (c)(3) with internal revenue services. Gentelle Giants JDR is registered with the state of Florida to accept donations to help fund the rescue. Gentle giants fully volunteer run and 100% of the proceeds go directly to danes! Thor is a stunning 3-year-old harlequin man. Thor has puppy energy and is working on poti training. He is good with other dogs and likes to turn off his humans! we dont know how hes going with cats and kids . Tell us the details of your story: more than 100 great Danes are found in molten conditions in Arcadia, FL scattered across numerous properties belonging to a large breeding practice. 10 of the great Danes made their way to the rescue in Waters Great Danish Edge Rescue, Inc., and we're waiting for even more. These poor Danes have lived their whole lives in terrible outdoor conditions in Kenels, which are heavily used as breeding machines. They've probably never met a vet, bathed, or shown love. Many of these Danes have special needs - deaf and/or blind, and require specialized care. We are in desperate need of your support to be able to provide them with the best care possible. We have to make them healthy so they can start looking for their rage houses. Please consider funding these great Danes. No Danes ever needed it any more!!
