They took my money, but they never sent my product. The shipping number they gave me was illegal. When I contacted customer service, they basically told me I was unlucky because they only allow cancellations within 24 hours of placing the order. That's why you get no guarantee they'll even ship your product, you're just the money. Update : I expressed a claim with PayPal, indicating that I never received the product. When PayPal Choicest1/Storm Media contact, they said PayPal tracking number shows it was delivered. The tracking number they gave me says the package is still in China.
