The way of mastery pdf

Dawnie Dahir will facilitate this class in a study of The Way of Mastery on Monday, at 10.30pm. The book features the transformative teachings of Jeshua, who speak like a brother and a friend to lovingly guide you to remember the truth about your being. A donation of \$10 per class is recommended. I promise you this... If you are absolutely obligated to wake from the dream you have dreamed since the stars first began to appear in heaven, and if your only desire is to be only what God created, then lay at the altar of your heart with every breath, everything you think, you know, everything you think you need, and look lovingly at each place That fear has made a home in your mind and let correction come. It will come. No matter how you experience it, it will come. And the day and moment will occur, and all your pain and fear and suffering will have disappeared as a wind pushing the foam of the wave away reveals the clarity of the sea beneath you. You will literally feel in your whole being that there has never been a dream. Some memories may remain with you and you will know that somewhere you must have dreamed a dream or had a thought of wondering what it would be like to be different from the way God created you, but it will be such a faint echo that it leaves no trace on you. In your heart you will smile gently regardless of the circumstances in which you are located. There will be peace from the crown of the head to the tip of the toes, and that peace will go before you wherever you go. It will enter a room before you enter it with a body, and those who become sensitive will wonder who has entered their place. And some will even say, Look, I think Christ has come for dinner. And you will be that One, for that is who you are - Christ eternal. ~ Jeshua . Welcome Dear Friend, At the Shanti Christo Foundation, we have the honor of serving, sharing and distributing the teachings of Jeshua ben Joseph (Jesus) in a book titled: The Way of Mastery. This three-part book contains the way that was taught to Jeshua when he walked this Earth. In his own words, Jeshua explains the three parts: The Way of the Heart is the last path that any soul can enter. Because that's how I learned. It is that way, alone, that allows you to come to rest in the perfect peace from which you have sprung forth. The way to the heart is the preparation that allows the Transformation Path to really happen. Thus, the path of transformation involves conscious decision to allow the translation of the perception so that it becomes of one mind, of one agreement, with god's mind. And is the way in which one is empowered in every moment. The path to transformation is a journey without distance to a goal that has never changed. On the way to know, we begin to bring you into it as you chosen to bring yourself—to stand at the door of the Temple of Heaven, to begin opening it, to let the Golden Light flow out. The Way of the Heart and The Way of Transformation and The Way of Knowing, have been designed to guide you to see that Love is unconditional and is the only thing worth appreciating. May you remember the truth of who you really are - the idea of perfect love in form - through this extraordinary work, The Way of Mastery. If you commit to the transformation of your heart and mind, it will happen. We are all here as Love in form, as Jeshua so fondly reminds us: Become the living embodiment of love and journey into a whole new dimension of being. And never forget to sing, laugh, dance and play along the way! Isn't that the 'call to wake' alive in you? Oh, love friends, you know it is! ~ Jeshua The central teaching of The Way of Mastery is a path to awakening described in a three year series of monthly channeled lessons given by Jeshua through Jayem. With answers to many questions and much support material and effective exercises, Mestervejen is a practical and down-to-earth guide to transformation. Learn about The Way of Mastery Get Inspired The Way of the Heart includes the first twelve lessons in The Way of Mastery. This is the basic year of the road. The Way of Transformation is the second year of The Way of Mastery dealing with the application of what came earlier, to the effects of real change. The Way of Knowing is the last year of The Way of the Heart and talks about getting to know through surrender. The Jeshua letters are Jayem's account of his first encounters with Jeshua. The Way of the Servant is a poetic description of the journey of awakening given by Jeshua through dictation. The early years are a series of messages from Jeshua that came before the Road of the Heart. The Meaning of Ascension is a video of Jeshua speaking through the Jayem message entitled The Meaning of Ascension. The 35 lessons in this book are a path to forgiveness, self-love and acceptance of perfection in every moment, and are designed to return the mind to holiness — wholeness. Jeshua speaks to every aspect of living in the world as Christ. With practicality, humor and loving guidance, he shows the way to correction of any faith and perception that would keep us from knowing our perfect union with God.
