©2020 Stores Wal-Mart, a pothecary factory company go everything natural with our beauty routine is the new standard. While there are tons of options for our face, the options get slimmer when we are looking for a cleansing product for the neck down. Adding this issue to the lack of regulation behind the organic label, finding an organic body wash that fits our needs sometimes seems impossible. Not all body washing is created equally, as some can be very drying, harsh on the skin, or cause allergies and other skin irritations, says cosmetic dermatologist Dr. Michelle Green. It is important to be mindful of the products we use because some may contain ingredients that are toxic. Some of these chemicals can be transmitted through the bloodstream and can be harmful to our bodies. However, when there is a will, there is a way to find an organic body wash that works for us. Dr. Green suggests looking for organic products with naturally derived ingredients such as aloe vera, shea butter, coconut oil, rosemary oil, olive oil, argan oil and avocado oil. If you're still looking for more direction, take a look at some of our picks for washing the best organic body that provides clean and refreshed skin without any subtle red flags.
