Battle Holy Priest (Magic) Initial Game: Recommended (though not as easy as BP Physical)Late Play: Recommended (you're Half Support/Full Damage Priest/Can Solo) Your top 3 Santa Light attack skills: 1 Second Cast Time, Sacred Damage, Get this to Lv 10 as soon as possible. Become undead: Chance to instantly kill enemy killed by dead, if not killed, DMG is made based on your INT. Keep this in Lv 5 to get Magnus Exorcismus (ME). Magnus Exorcismus. : Your main DMG explosion ability. In Lv 10, your DMG multiplier rises to 1000%. Max this as soon as you have enough skill points after adding your other skills. Magnus Strategy - Double party tactics: Double with someone who can score enemies to lure them into Magnus' field - Solo tactic: Bait (running around) &gt; gather them to a place &gt; Play Dead (Adventurer Skill) &gt; Magnus Cast. It's that simple. Why would you do that? Magnus has a nine-second roster time. I have three: (1) Judex(2) Adorous (3) Dark Shadow Slaughter Judex Build Its a Judex build built around one-shooting Zipper Bears. The only problem is that there is a slight delay in the launch of Judex. But this build will make it mobile, a sub-support and quite the power if done correctly. I suggest you only reset your points when you can beat Judex to 20.
