The hardest choices require the strongest wills tattoo

Thanos: With all six Stones, I could simply snap my fingers. They would all cease to exist. I call that... mercy. Stephen Strange: And then what? Thanos: I finally rest. And watch the sun rise on a grateful universe. The hardest choices require the strongest wills. Stephen Strange: I think you'll find our will equal to yours. THE HARDEST CHOICES REQUIRE THE STRONGEST WILLS. - Thanos Annihilator is the wife of the Marvel Cinematic Universe's evil defeat. The comic book edition, which refers to the movie version of this character, already has the official female version in the unlimited armored comic book series. The titan star has purple skin due to genetic mutations and has several stripes on his chin. His muscular strength is unmatched, he is one of the most powerful warriors in the universe, his body is indessable and difficult to be damaged by any force. The destroyed weapon is a huge double-bladed large sword, powerful enough to tear hard and well-known jinjin gold, the central knob organ can rotate at high speed, and after it is lost it can fly again on an unknown principle. Once a resident of Titan, this life offered a solution to kill half the population in the face of the Earth's resource crisis, and Titan is called the Crazy Titan. Finally, titans were destroyed, and as survivors, destruction felt the limited resources of the universe and thus determined a plan to destroy half of the life of the universe to balance it. Savage a huge army and became the most powerful force in the universe, he decided to collect six infinite gems legendary representing the basic power of the universe, destroying half of the life of the universe. After a long effort, the plaque was located in the location of all infinite gems. Earth's heroic organization, the Avengers, struggled to stop it, but with six Infinity Stones in one hand and infinite gloves to control the power of gems, he biologically made half of the universe into dust and sent them to garden planets using space gems to hide in old age. The Avengers then passed through time and space to restore half of their lives, passing through past timelines to reclaim infinity stones, but exposing their unexpected plans to past annihilation, the annihilation led the army to a final battle with the Avengers. Avengers member Iron Man produced a new Infinity Glove, and the moment another member, the Hulk, succeeded in reclaiming half his life, the army of annihilation crossed over. The armed, battle-breaking easily brought down the Avengers, and by the time he got the Infinity Stone back, some heroes from all over earth and space had gathered to fight his army. Finally, Iron Man robbed him of infinite gems, rang his fingers to destroy all his armies, and he died due to the erosion of the power of infinite gems. The now-destroyed actor revealed that the story of the loss is far from over.
