Neverland. She's Marina's younger sister. She voices Alisyn Ashley Aram. She was originally quite rude to Jake, Izzy, Cobie, Scully and her sister Marina. To avoid work, Stormy was often let down to others to do the work for her using the powerful siren song called The Meame Song. Her role in the series Stormy debuted in the song episode The Mea Man, Marina asking Stormy to complete three bitter assignments for the upcoming event. However, Stormy openly refuses but ultimately decides. When Marina leaves, Stormy uses the Mes meth song to brainwash a treasure-seeking Captain Hook and forces him to find congolese. She then brainwashed Mr. Smee to collect algae, and Kobi to collect coconuts. Eventually, Stormy's brief accomplice, Snuffy the Hermit Cancer, was quick to warn Marina about her sister. When Jake, Izzy and Scully arrived, Marina was quick to fill them in on the problem, but told the young pirates to applaud to wake Hawke, Sammy and Coby from the spell. Marina then demanded the presence of Stormy, the criminal mermaid apologized for her actions and Jake and his team forgave her. A storm reappeads in the tidal treasure when the mermaids decide to make Izzy an honorary mermaid. Later that night, she joined the other mermaids when they crowned Izzy the Mermaid of the Year. In Izzy's Trident treasure, Stormy and Marina sought help restoring King Neptune's legendary trident. Map Marina and Stormy found leading to Mount Mer-suvias, a mountain in the middle of a desert-dried lake. Because the mermaids can't walk on land and only a mermaid can touch Neptune's pitchfork. Since Izzy used to be an honorary mermaid, she can touch a pitchfork and walk on land. Jake and his team set out to find trident with the two mermaids. They arrive in Never land and sail the Sanderber Straits with the help of Marina and Stormy. Captain Hook sees them and finds out they're looking for trident. He wants trident and he says he's going to take it but Jolly Roger gets stuck in the Sandbar so he has to use a rowboat. Jake and his team need to use a rowboat because of the thin canal, but the current is too strong for them, so they need Marina and Stormy to help them. Jake ran into Marina, Stormy and Sandy the Star of the Sea, and the threat of Neverland even affected neptune city mermaids, forcing them to flee. Jake asked Marina and Stormy if they knew of a means of recreating Kobe's map; the young mermaids told him that only the magical ink of the golden squid could do so. To reach the squid, the young mermaids summoned Flo the dolphin to escort Jake through the depths of the sea never. Stormy reappears in Jake's Royal Rescue episode rehearsing a song with The Monk Crab Snappy and Sandy in The Honour of Queen Coralie held at Hidden Bay. After Queen Coralie is rescued by Jake and his crew from Captain Hook and returns to Hidden Bay, Stormy can be seen successfully singing with Snappy, Marina, Sandy and the Sea Virgins. Stormy returns in the episode Izzy and the Unicorn, Izzy Cornica's new girlfriend, a magical unicorn, disappears and Jake suggests they ask the mermaids if they know where to find her. But Queen Coralie and some of her subjects didn't believe Izzy's story, because unicorns at sea become a creature of mermaid folklore. However, Stormy was the only one who believed Izzy and decided to accompany Jake and his team to track down Cornica, who was captured by Captain Hook and his crew.
