Its genre is a scrolling side-scrolling platform Third Person Shooter. The Synopsis started on a remote facility in the Pacific Ocean. An unknown organization attacked the island, leaving the scientist head as the sole survivor. During the battle between the scientist and the intruders, an alleged unknown drop in helped him. After desperate battle the scientist saved by him. The time the story is flashing back 2 weeks ago. Cinema and his team have just finished sabotaging rebel operations in a Brazilian village when they were attacked amidst flights over the Pacific by an unknown foe. The plane traveled from Rio to Okinawa, Japan. Escaping the destroyed craft in time, they spread all over a small island. The main character is abused by his own sponders, which were disrupted, after hearing an explosion, Shadow transported the main character to a hidden facility. Here, during the present time, save the scientist. After the battle, scientists explain that a nervous toxin, that they were working on, turning their scientific disruptions and having uncontrollable rage. Then he sent the striking force to get the cure. However, they are again attacked by the same unknown organization. During a battle of a iron founder, the team's medical, Toad, restored scholars about the organization, revealing his name to be Globex. The team would battle Globex forces on many battlefields until they set up a train carrying a nuclear ballistic missile. They then travel to a fighting Pacific battle. The missile is intended to engage the virus as Globex does not want to be indicted for the incident. Despite their efforts, the strike force was too late to stop the launch. The main character is then transported to the missile, by a helicopter piloted by Shadow, change the war and the cure. He fights many Globex paratrouters who try to kill him, but desperately failed. In a recent try to force, the Leader of the Globex Leader steps in to stop the outgoing from switching to the front. The Globex leader is beaten after heavy fighting, but he tries to bring the sdia down with him. The Soldier simply replied: 'Sorry, but I fly solo. With that parachuting allegedly away, leave leaders at Globex to die in the explosion. The blast spread to tears all over the area, selling the infected. Several weeks later, the scientist contacted someone. She apologizes to the mysterious but familiar face and informs the face on the toxin, revealing that there are still toxin samples and the cure stored by her.
