Waffle house corporate office atlanta georgia

Waffle House was founded in 1955 by Joe Rogers, Sr., and Tom Forkner. This pair of friends wanted to combine the speed of fast food, but with the service of a restaurant. They also wanted the food to be 24 hours a day – meaning waffles for dinner would be fine! The first restaurant was located in Avondale Estates, Georgia. In 1957, a second restaurant is opened. During the 1960s, the company opened 44 more restaurants and began to franchise. By the end of the 1970s, there were more than 400 locations. The 1000th venue was opened in 1997. In 2005, there are 1460 locations in 25 states. In 2006, the company finally begins to accept credit cards, after being only in cash. In 2007, the company repurchased its original restaurant, which had most recently been a Chinese food venue, and made it a museum. In 2008, the Waffle House Museum opens on the site of the first restaurant. In the same year, one of the largest franchises, North Lake Foods, was purchased by Waffle House, Inc. The company reinstated the franchise the following year. Although the company is privately owned and does not disclose financial information, the company says that 2% of all eggs used in the food service industry are sold to Waffle House. In 2012, CEO Joe Rogers Jr. is accused of an inappropriate sexual relationship with his housekeeper. He is replaced as CEO by Walt Ehmer. Today, Waffle House operates more than 2,100 restaurants in 25 U.S. states. The company claims to be the world's largest seller of several of its menu items, including eponymous waffles, ham, pork chops, grains and T-bone steaks. Almost every Waffle House has a jukebox and, as of 2008, began offering candlelit dinners for Valentine's Day. The company is considered one of the four largest U.S. companies that can be trusted during an emergency response situation, according to the Federal Emergency Management Agency. The Waffle House Index is an informal term used by FEMA to determine the severity of a storm and how much assistance may be required for citizens to recover.
