GTA: SA (also commonly known as Grand Theft Auto: San Andreas) is a popular and highly successful action, third-person shooter, drive, and RPG game by Rockstar Games and Rockstar North. It's a 7th game title in the series of Grand Theft Auto. Similar to the game structure followed by the previous Grand Theft Auto series, the GTA San Andreas apk also offers you an interactive third-person view that gives you complete control over the way you want to interact with the open-world gaming environment. You can roam freely in the areas, explore shops, restaurants, steal cars and bikes from the streets and cause destruction to the property and attack pedestrians. This life-like game consists mainly of three cities, i.e. Las Venturas, Los Santos and San Fierro. And within those cities, your character is able to walk, jump, swim, run, and has the ability to use a wide range of destructive weapons, drive different kinds of vehicles, fly helicopters, ride motorcycles, boats, trains, and even those destructive tanks. Aside from stealing vehicles from the burgers, you can even import exclusive vehicles and then adapt (by adding nitrogen) to make them more powerful. In an effort to give the in-game world a realistic touch, all the locations include vast regions of forests, deserts, beautiful landscapes, hilly areas, dams and mountains. There are also some limited areas. You are free to play and move your character around to explore the in-game world. GTA San Andreas is the first game that brings some of the most remarkable capabilities to customize the look of the in-game character. To make this possible, there are clothing stores with accessories, tattoos, hair salons, restaurants and even a gym. Apparently, if you force your character to eat a lot of food then he'll grease then you must take him to gym for workouts and training to make him muscular and stay healthy. If you like GTA San Andreas game app then you also want to check out the latest Grand Theft Auto 5 for Android apk. Now you know that there is a lot to achieve and achieve within the game. Aside from those usual storyline missions that are mandatory to complete to unlock certain content and areas, you're allowed to participate in small and interesting side missions to earn extra in-game money like: Paramedics, where you pick injured people from nearby areas and drive them to the hospital. Burglary, where you have to break into the citizen's house during the hours of darkness and steal expensive items like a television without being caught by police. Taxicab, where you work as a taxi driver to pick and drop passengers. You can then spend all that money earned to various extents, including shopping, food, car changes, physical appearance, importing vehicles, gambling, and various other aspects. If you're running low on money or want to get vehicles without importing it, you can use hacks and cheats like CLEO mods scripts with GTA San Andreas apk. The cheat menu is what makes it the perfect hack for GTA SA. 📍 GTA San Andreas Storyline The GTA SA storyline includes lead character Carl Johnson (CJ) returning home in Los Santos in the early 1990s. At this point in time, his mother is murdered and he finds that his entire family has fallen apart and old childhood friends are ruining their life by heading for unlawful activities, while the entire city is captured by cruel gang members and people are involved in corruption and drugs. To find the truth behind his mother's murder and save his family members, he goes all the way to rebuild his old street gang (Groove Street Families), clashes with the corrupt cops, and regains control of the streets of Los Santos and surrounding areas by participating in gang warfare where he takes over the enemy areas. He also reduced the amount of drugs used within the area. In doing all this, CJ helped gain a lot of respect among his fellow friends and the neighborhood residents. On the GTA San Andreas apk Android version, most of the gaming structure and the missions are almost identical to the original computer version, but developers have added several upgrades and improvements to polish the game for mobile devices. They also added a much better pull distance, detailed and dynamic shadows, enriched color palette, improvement in car models, and characters in an effort to make the game more optimized for Android phones and tablet devices. Did you know Rockstar Games have cheat codes disabled in Grand Theft Auto San Andreas and you can't use any cheats/hacks in the game? But don't worry, we've tried some apps work and will help you enable cheats and hacks in San Andreas within a matter of seconds. © Year, 1997 - Grand Theft Auto Year, 1999 - Grand Theft Auto London 1969 Year, 2001 - Grand Theft Auto III Year, 2002 - Grand Theft Auto Vice City Year, 2004 - Grand Theft Auto San Andreas Year, 2005 - Grand Theft Auto Liberty City Stories Year, 2006 - Grand Theft Auto Vice City Stories Year, 2008 - Grand Theft Auto IV Year, 2009 - Grand Theft Auto Chinatown Wars Year, 2013 - Grand Theft Auto The Ballad of Gay Tony With the release of GTA San Andreas apk and data full version for Android, the developers behind the Rockstar Games integrated numerous additional features to improve the overall gameplay, especially for Android Some of the eye-catching improvements are as follows: Ability to play over all your connected Android devices with the cloud game data saving support (only available to Rockstar Social Club Members). Completely adjustable graphical settings to provide better visual experience. Customizable game controls and their color schemes with an option to display only on-screen buttons when needed. And the total game duration of more than 70 amazing hours. To make the game experience even more remarkable, the game supports even several game controllers including HUD-compliant USB, controllers manufactured by MOGA range as well as other Bluetooth-based controllers. Moreover, because GTA San Andreas is a resource-hungry game and consumes a lot of RAM and storage space, it is recommended to restart your device and close all the running apps before playing the game. This will ensure the game performs well and causes no unwanted lags and delays. Here are the steps to download and install GTA San Andreas mod and obb data on your Android device: Download GTA San Andreas APK, as well as OBB data file from the links given at the beginning of this page. Once downloaded, turn off WiFi and Data on your Android device to stop the CTA app from connecting to the server. Install the apk file. Extract the obb data zip file and copy the com.rockstargames.gtasa folder to this location on your Android: SD Card/Android/obb/Launch the game.
