2004 yamaha v star 1100 classic exhaust pipes

The state of California considers aftermarket exhaust systems as legal spare parts for motorcycles not equipped with a catalyst and/or if slip-on silencers are installed downstream of OEM catalysts. California does not allow the use of aftermarket systems that remove original equipment catalysts (except for racing use only) unless the Air Resources Board has issued an executive order for that system. For California riders we offer Fi2000 R ARB units approved by the Air Resources Board. (ARB E.O. No D-633-1). All other Fi2000 models are not legal for road use in California.
