Firestar's Quest Cover of the first editionAuthorErin HunterCover artistWayne McLoughlinCountryUnited StatesLanguageEnglishSeriesWarriors (novel series)Literary GenresChildrenFantasy novelPublisherHarperTrophyPublication dateAugust 21, 2007Media typePrint (hardback & paperback)Pages510ISBN978-0-06-113164-6OCLC86090263LC ClassPZ7.H916625 Firs 2007Preceded by The Darkest Hour Followed byMidnight (Chronological) and SkyClan's Destiny (Plot-wise) Firestar's Quest is the volume in the Warriors novel series by Erin Hunter. Firestar's Quest follows Firestar, the leader of ThunderClan, one of four clan cats living in the forest, as he travels to find the fifth lost Clan, SkyClan. After receiving a dream from skyclan's previous leader, Firestar and his partner, Sandstorm, leave ThunderClan to find and rebuild the lost tribe. At the end of the book, the Klan is rebuilt with leaders, drug cats and territories. The hotel is located between The Darkest Hour and Midnight. Firestar's Quest is re-written from a Firestar point of view as in the original Warriors series, after the next series was written from the perspective of other characters. The book allows Hunter Erin to explore the area much longer, having moved to the lake region at Dawn. Excerpts from Firestar's Quest were released to promote the sale of the book, which was very successful. The novel also received positive critical acclaim. The concept and development of Firestar tells the first six books but, for Warriors: The New Prophecy[1] and Warriors: Power of Three series later,[2] other cats are chosen to speak. Firestar was chosen to narrate the special edition. Cherith Baldry wrote Firestar's Quest[3] and Gary Chalk illustrated the book. [4] Erin Hunter said the novel was an opportunity to explore the old territories,[5] which were left behind in the Warriors: The New Prophecy series. To promote the book, excerpts were released online on the Warriors website,[6] and later on the back of the Warriors manga volume Warrior's Refuge. [7] AuthorTracker's email says Firestar Quest is getting more and more as the launch date approaches. [5] The book is also commonly mentioned in the author's chats at Wands and Worlds. [8] The background novel All of the Warriors is listed as written by Erin Hunter. Erin Hunter is the pen name for four people, Victoria Holmes, who created the storyline and edits, Kate Cary, Cherith Baldry, and Tui Sutherland, who wrote the books in turn. [10] Chronologically, Firestar's Quest takes place between the first two series—after The Darkest Hour and before Midnight. [11] Firestar's Quest was placed under the title Warriors: Super Edition, as a special edition extra-length book. [12] Following the novel's publication, Holmes has confirmed the possibility of seeing again: Yes they will! I'm planning for 2010 at the moment, and I think I can reveal exclusively and for the first time that it will be set on SkyClan. Yay! Well, it would be a waste of all beautiful names and characters if we didn't use them anymore. [13] SkyClan's Destiny, the third super edition and sequel, tells the story of the civil war on SkyClan and was released on August 3, 2010. [14] SkyClan was also brought back in SkyClan and Stranger manga, including The Rescue, Beyond the Code, and After the Flood. These details how Sol stayed at SkyClan and showed the clan what he meant in The Forgotten Tribe Cat. Synopsis Setting In the forest of the warrior cats, there are four Wild Ctas tribes that follow StarClan, their spiritual ancestor. Each Clan chooses a leader and then StarClan gives nine lives to leaders such as Firestar, ThunderClan leader, and book protagonist. [2] Firestar was born a kittypet,[2] but wandered into the forest and chose to join ThunderClan. In this book, Firestar goes on to rebuild SkyClan, the Clan found. [15] The plot of Firestar's Quest takes place between The Darkest Hour and Midnight. The novel follows Firestar, the leader of ThunderClan on his way to discover a lost fifth jungle Clan called SkyClan. Firestar and his partner Sandstorm travel upstream to rebuild the long-lost Clan. When they arrive at the former House of Clan's house, they meet Skywatcher, a descendant of SkyClan, who tells them about the story of SkyClan, and shows them the Whispering Cave, they also find SkyClan's old house deserted, strange caverns marked with small mouse-like claw marks. Firestar gathers with Leafdapple, Sparrowpelt, Sharpclaw, Echosong, Rainfur, Petalnose, Clovertail, Patchfoot, Shortwhisker, Cherrytail, Sagekit, Mintkit, Tinypaw, Rockpaw, and Bouncepaw. Finally, Firestar rebuilds the Clan and helps the Clan fight off the power that destroys the ancient SkyClan: the mouse. Although SkyClan emerges victorious, Rainfur's soldiers are killed and Firestar loses both lives. As Firestar and Graystripe prepare to return home, Leafdapple becomes the leader and is renamed leafstar in Sky Rock, which used to connect to SkyClan's ancestors. Sharpclaw is deputy to SkyClan, and Echosong becomes a drug cat. In the epilogue, sandstorm and firestar's new kit are born. They decided to name one Squirrel (after its slender tail), and the other Leafkit (in honor of SkyClan's new leader, Leafstar). SkyClan's blood flows through ThunderClan on cats like Tigerclaw from his ancestor Cloudstar, a Skyclan leader from when they lived with four other clans. Before Firestar left the forest, a series of events occurred that indicated in the New Prophecy. Such events include soldier Longtail losing his sight when a rabbit scratches his eye, Willowpelt is killed by a badger, and Bramblepaw Bramblepaw the soldier's name; Brambleclaw. Also, Sootpaw gets a new mentor, Thornclaw. This book is also the origin of the prophecy There will be three, relatives of your relatives who hold the power of galaxies in their claws. The forecast was forwarded to Firestar by Skywatcher. Theme In an e-mail authortracker Victoria Holmes says that one of the main themes of Firestar's Quest is that two completely torn cats follow the soldier's code and do what they believe is right for themselves. In the book, Firestar is asked to find and rebuild SkyClan which is described as Holmes will take him far beyond the warrior code and everything he believes in. [5] A review commented that the themes of faith and responsibility provided depth and also added that It was quite satisfying watching Firestar and Graystripe assemble a group of ragtag cats into a true clan and compared it to films such as The Bad News Bears to Major League. [16] HarperCollins published a hardcover edition of Firestar's Quest and released it on August 21, 2007. [17] The book had the first 150,000 releases. [18] Following her release, Erin Hunter toured to talk about Firestar's Quest with fans. [5] HarperTrophy, a printout of HarperCollins, released a paperback version of Firestar's Quest. Canada launched the book in early August 9, 2007. [23] Firestar's Quest was also on the Bestseller List including the New York Times Best Seller list. [5] A reviewer from Children's Literature received very positive reviews, calling Firestar's Quest a fantastic extension to the Warriors series, and towards the end of the review, critics said Firestar's Quest showed that Warriors' books had evolved from entertaining to thought-provoking adventures. [24] A review by Booklist noted the length of the longer book and also praised the mission and new characters introduced in the book. [25] Publishers Weekly also gave positive reviews writing Fans of the Warriors book will eagerly investigate Firestar Quest, the latest edition of Erin Hunter's best-selling series.
