You will find two Forest Residences that appear very close to each other, which is apparently quite rare. You have a village between them and another village not too far from it. There's a swamp biom along with Witch Hut (you might even find yourself a black cat tame or some slimeballs) and you can even find ruined portal nearby. Key locations Village: -163 63 330 Village #2: -497 65 629 Woodland Mansion #1: -337 67 225 Woodland Mansion #2: 144 63 223 Witch Hut: 56 65 68 Ruined portal: 161 6 3 372 Flower Forest Biome: 1177 73 533 Savanna Village Overlapping w / Dark Oak Forest Seed Credit: lickthaticecreamcone - Seed: -98141769 - Platform: Bedrock This is a pretty cool seed because it's a great looking savannah village, which coincides with a dark oak forest biom. You are also near the desert, so there are three biomes connected in the village. Near the village there is a very large gorge, which you can visit. At the moment of rebirth, you will find a village. This is quite a rare phenomenon and can be valuable to you if you want to be close to witches and be able to hunt down slime. What is even better about this grain is that it spawns directly in the village with a huge ravage in it. You can get to the diamond level in this gorge, which can get you started with valuable resources early. I haven't found any while flying there, but delving deeper into the area can bring some good finds. You appear on the island with a giant taiga and a biomem from mushrooms. Taiga are great biomes to find yourself a pet fox if you are looking for some light companions. If you stay away from it, you will see that this island is octopus/squid-shaped! It's a really amazing layout and makes it a great place to start your base. In the forest there is a large gorge, where you can look for early resources. You will also find the Ocean Monument, not too far away! The main attraction is that monsters will not appear on it. There is also a Ruined Portal on this island, which will make it easy to get loot. So it's a great safe place to build your base. From here you can find a cold ocean with amazing icebergs, mountain biomes and another ruined portal. If you're still heading towards the mainland, you'll come across a swampy biom with the Witch's Hut. There is also a wreck stuck in the icebergs, which looks amazing. If you go even further, you'll find a desert biom with a pyramid, as well as a really big desert village that stretches over some mountains! You can even get some snow here because it mixes with mountain biom. Nether is also a Fortress and Bastion Remains nearby if you want to visit them! One of the nice features of this is the village of savannah, which is partly on a hill with a waterfall on it. You have three different ruined portals scattered around some biomes near spawning. There is a desert village, pillager outpost and a second desert village to explore! In Nether, you'll find a warped forest and a huge basalt delta if you put your portal near rebirth. There is no soul of the sandy valley not too far from it, and if you venture deeper into the zone you will find the remains of the bastion! Warped Biome: -214 46 -240 Basalt Delta village where the double blacksmith is located! This is very useful, so it can be worth it yourself. If you are visiting outside, you will find some interesting areas to explore. It's a pretty heavily wooded seed with lots of cold areas, so if you're in it you'll probably enjoy it. There is a mountain, a snowy taiga village and a whole separate biom of snow opposite the coral reef. There you will find several ruins of the ocean, as well as a haunted snow village! -221 71 150 Igloo: -370 69 157 Nether Locations Nether Portal was located near the village. I would not create one near the spawn, you will get into a nice box in an area from which it is difficult to find a way out. You appear between two villages and large gorges. The area here is quite flat, so you can build this area relatively easily. If you head towards the desert biome, you will find two different villages and three pyramids to explore! If you get further from the rebirth, you will find a pretty interesting floating island. Nearby there is also a gorge with a mine to explore. In the watering can you find your way into the basalt delta, complete with the sand of the soul and the scarlet forest not too far away! Mushroom Island at Spawn because mobs don't show up there, so if you don't want to light a few torches to keep them away, this is a good place to build a base. On the desert land mass, which is nearby, I found a pyramid and a very deep gorge. It looks like a gorge was born in a ravine because it has one level and then goes much deeper in another area. I managed to find a diamond in the area, but it floats over some lava. Be careful if you teleport to your location because you'll be right in the lava! You appear right next to the village, so it's easily accessible as soon as you start. There is also a Ruined Portal nearby, where there is a gold block and a chest that you can loot. They are newly added in Update 1.16. The desert is large and has a pyramid, as well as an additional village not too far from spawning. There is also a shipwreck right on the shore from the desert village. I've found quite a few villages just doing my general sightseeing, so it seems like this seed has a lot to offer if you're willing to take a chance!
