It does not appear in any feed and anyone with a direct link to it will see a message like this.0 comments Art is a world that extends over a plethora of forms and means. Auditory, visual, static or dynamic, the properties of what art was, is and may have evolved along with the human species. By reinventing the old to build the present, to lay the building blocks of the foundation for what the mind will conceive as art in the future, artists from all over the world have incorporated art forms into their lives as an efficient means of self-expression, which is unlimited and boundless beyond any language known to humanity. Of all the art forms that are known to us today, psychedelic art is one of these art forms that is peculiar in its own way. The man the whole time he walked on earth left his footprints and messages in the form of art under the influence of Psychoactive Substances. Many also argue for this to unlock the potential hidden within itself, unfulead, untapped, but radiant with a genuine and inexhaustible effort. Even today, a lot of visual art that may seem obscure or out of this world usually has some connection with the use of psychoactive substances as a stimulant and catalyst in conception of the final result. Known to all fandom, the hit animated TV show Rick and Morty, winner of the Adult Swim Academy Award, falls into this category. What was in the vial, Rick and Morty's co-creators Dan Harmon and Justin Roiland have provided extensive references to psychoactive substances in episodes spanning the three seasons, so much so that there has been an entire promotional video presenting Rick and Morty experiencing an LSD-induced journey. from the LSD. artists and illustrators from all over the world have paid tribute and expressed their gratitude to the show through various forms of visual art, some of which seem made under the influence of intoxicating psychoactives. We put together a list just to show how immensely talented the show's artistic fandom is. Let the imagination be free #1Avviare the list with this masterpiece of an episode in which Jerry and Rick actually bond in The Whirly Dirly Conspiracy. The art seems to have been inspired by the infamous alex grey.#2This fan-art seems to have many twisted shenanigans going on.#3Another fan-art by Gibsonrazorgirl.#4This a very obscure interpretation of Rick and Morty meets Fear and Loathing in Las Vegas. #5Psychedelia is incomplete without mandala and mandelbrot.#6Snuffles, everywhere. If Justin Roiland's dog world would be brought to fruition, this could have been the result, #7An absolute masterpiece that captures the very essence of the show, also paying homage to Goodbye Moonmen.#8Season 3 in a nutshell, don't you think? Absolutely stunning poster material right here #9Incredibly. Chicken McNuggets look strangely like Cromulons.#10Another by the same artist, this time with our beloved Mister Poopybutthole.#11Here's Lawyer Morty in a crossover version between Rick and Morty and They Live.#12Multiverses and Miniverses, all in one. #13Rick seems to have slumbered and left Morty at his peril.#14This looks pretty much like Toxic gunk Rick and Morty minus all the Green.#15Just the most iconic grandfather-nephew duo ever.#16Signing away with this stunning artwork that encompasses the entire multiverse Rick and Morty. Multiverse.
