Opening hours at Wyoming Correctional Center are weekends and public holidays between 8:15 a.m. and 3:15 p.m. You must arrive no later than 2:15 p.m. to visit the prisoner. Wyoming Correctional Facility uses the odd/even visiting system based on the last digits of DIN inmates. Prisoners whose DIN ends up in the number will have their visit on Saturday or Sunday ending in even numbers. Prisoners whose DIN ends in odd numbers will have visits on Saturday or Sunday ending in odd numbers. When the 31st falls on Saturday (odd), the 1st in the next month, Sunday will be considered an even day for visits. Holidays celebrated on weekdays are open for visits regardless of DIN prisoners. Special housing unit Visiting Days and Hours (prisoners in shu detention is allowed one non-legal visit within seven days): from 8:15 a.m. to 3:15 p.m. on weekends and public holidays. The latest arrival time is 2:15 p.m. A maximum of three adult visitors plus one child in the circle is allowed to visit the prisoner at once. For more detailed information about the visit, click here. Visitor checklist To be ready for your visit, see the following checklist:Confirm that the perpetrator has not been moved and has visiting privileges. Bring a valid photo identification. If you have made special arrangements with the property, call before leaving to make sure plans for your visit are made and are in place. Check clothes and jewelry for compliance with visitation regulations. If you are bringing a child and you are not a legal guardian or parent, be sure to have a made statement from the child's parent or legal guardian. Before leaving home, check the vehicle for contraband and/or dangerous items and be sure to remove these items before entering the juvie. Come on a specific day during the appropriate hours of your visit. Leave your purses, wallets and electronic devices in the glove compartment or in the trunk of your car. Dress Code The dress code of visitors requires you to wear completely modest attilr with appropriate underwear and comfortable shoes (bare feet are not allowed). Inappropriate clothing will result in you being refused entry to the property. Please definitely understand the dress code for visitors. Closed mail can include personal letters (up to five pages per envelope) and photos. However, you should not send: nude photos, Polaroid photos, postage stamps and letters from other people, except children. Inmates are allowed two food parcels a month. You can also send packages containing non-ready items such as clothing and tobacco. Review the list of allowed items before sending the package to the prisoner. Inmates at Wyoming Correctional Facility cannot receive incoming calls, but they have access to phones during the daylight hours for outgoing calls. For full details on how to call a prisoner in New York, click here. Closed programs at Wyoming Correctional Facility include: Adult Elementary Education The Basic Educational Program for Adults is provided to meet the needs of incarcerated individuals who have reading and math scores below the sixth grade level at selected standardised reading, mathematics and language arts test in the context of real adult problems and situations. Air conditioning, cooling and heatingStudents are instructed in the installation of air conditioners, refrigeration and heating units following the designs and specifications, as well as the diagnosis and repair of defective parts. Extensive practice is provided in soldering, cutting pipes and threading. Aggression Replacement Training (ART)Aggression Replacement Training is a cognitive behavioral intervention program designed to help individuals improve social skills, moral reasoning, confront and reduce aggressive behavior through the use of self-regulating exercises and mindfulness. ART consists of three coordinated interventions: anger management training, structured learning and moral reasoning. Participants will learn to understand what causes them to feel angry and act aggressively, as well as techniques to reduce anger/aggressive behavior, self-regulation to stop automatic aggression and build skills that help make better choices. Building maintenance Building maintenance program provides students with the basic skills necessary for minor repairs in carpentry, masonry, electricity, plumbing and weather forecasting. This course prepares a student with initial skills as a building supervisor.Computer Information Technology SupportStudents in the Computer Information Technology Support Program learns computer software, including word processing, spreadsheets, databases, and presentations.
