What's new in the COC Mod Apk version? As most of you know, the updates are in and out in the original version, and we're working on it! Now you can make war with seven more clans at the same time. It's the same as one against a war, but here you have to fight seven groups and the team with the most wins/stars to win the game/war. With the multi-wars in the phase, the store has brought up some cool magic spells that you can claim by winning multi-battles. Losing the war will result in the loss of war advantages, which means that your clan will eventually be demoted if your loss rate is higher than the victory rate. It means that if you are in a level 10 clan and you lose many wars, there is a chance that you may be demoted to level 9. Rules to follow:- The largest number of stars obtained by a team in the overall tournament wins the war. You just Attack once against a team, which means no second chance. Choose your base wisely. There are 24 hours to attack. Meanwhile, the preparation day has already begun with the next team, so. How to install From Clans Mod Apk On Android?
