Factors influencing these ratings include building design, construction, exterior space and amenities. I began to live in the transition to new ownership of the complex. The new features are great with living sets, living rooms, gyms, swimming pools etc. Maintenance is in place with just one form of online filling in. This place is safe and management listens to tenants carefully to fix any problems. I will introduce this complex to high-end life. The apartments and the grounds are well kept, with everything being clean and maintained as such. The office or over the phone at 8am (the time they open on days of the week), it is an obvious problem if something urgent needs attention. Additionally, they are not proactive in their communication noting ongoing issues. For example, the garage door (the garage door (the garage door will go all the way to the ground and bounce up. It is common to see some garage doors open at night due to this problem. This happened to one of the other tenants in my building, and his car broke into its b/c. In my opinion, it would have been polite and professional for the office to send an email, at least, or a memo out saying they were aware of the garage door issue and that garage tenants should make sure the doors were still down when closed. yes such emails/memos have been sent, and it seems ignoring this issue. There are several other cases of similar circumstances. All in all, the apartments are nice, relatively spacious and tenants, as a whole, are friendly. However, office workers do not up to the claims of their website, professionally managed Crystal Village, with staff in place. I can't say enough good things about this apartment complex. I was a little worried about hiring at first because of some reviews. The office workers have always been reminded and up front with me. I really can't find anything to complain about. I had to break my lease early because of the work of relocating me and they were very accommodated. The people here are very friendly. I have never felt unsafe and have no problems. Can't say enough good things. Thank you, Crystal Village. The apartments have been beautifully and spaciously refurbished. I really loved my apartment and the house I created. However, over time I felt increasingly unsafe. Pay attention to your surroundings and be vigilant. I smell marijuana regularly. Before I moved out, I saw divers. I heard stories of people's cars being broken into. Eventually I left because I felt personally targeted, and no longer felt safe in my environment and home. I'm not the only one who feels that way. I sincerely hope that Crystal Village has made strides to make their residents safer. I had a great experience living in Crystal Village. Leif helped me with the renovation of my apartment. I love my new apartment. I love my new apartment. It looks amazing! The staff is all very well. When there's a problem they're up there right away. I've lived here 22 years! They updated my location periodically before. Crystal Village wants to keep its tenants happy. It's a great place to live! I wouldn't recommend this place at all! I went to look at a 3/3/18 bedroom and was talking about special rent where you can get half your first month's rent or get a garage for a free year. I decided to continue this process because of that. The next day when I went to do the application and paid my deposit, I was told that the promotion was over and that I should have applied the day before. Janet (the manager who told me this) gave me her supervisor number. I called him to honor it, he told me I would call back. I have not yet heard from him and now I see that he has changed online in particular! I'm glad I didn't sign a lease with a company that changed their minds in less than 24 hours and didn't have to go. I had a one bedroom apartment for a year and had plenty of space for a great price. Management staff are always helpful, kind and guickly solve any problems I encounter. We've noticed a \$75 rent increase for 5 days we need notice to move out. It is not enough time to find a new apartment. They also ban people from moving out for five months of the year. Your lease will say that you can't move out from October to March (I think) The apartment was comfortable and maintenance was done on time, but I encourage you to look elsewhere if possible. There is no reason to deal with such poor management. They kept accusing me of someone living with me. Harass anyone who comes to visit me! That's ridiculous... Can't wait to move Crystal Village is a quiet complex that is kept private. Maintenance is generally quick to respond, problems are solved in time and there is an excellent pool to use throughout the summer. I have lived here with my son for eight years and we are trying to find a dog-friendly apartment. The spacious apartment is updated with doorless wardrobe space, outdoor pool and large courtyard as well as play area. Staff are polite and respond quickly to maintenance requirements. I really like people who live in apartment and maintenance is terrible. Our 2 bedroom, 1 bathroom apartment has spacious rooms and cross ventilation in both bedrooms. It has 2 air conditioners, one in the living room and another in the master bedroom. It is carpeted, except in the entrance, kitchen, dining area and bathroom. Office staff for hire are friendly and helpful, and require maintenance to be taken care of quickly. It features large public green specified. City buses run nearby, but only on weeknies. We like to live here. I moved to Crystal Village Apartments six years ago and I had a great experience with the property management and maintenance team. I decided to move back four months ago and landscapes clean. Maintenance is done in a timely manner and office workers are really interested in their residents. If you are looking for a great place to live, I would recommend this one. They are a really nice apartment the staff are amazing! They help in a timely manner if you need to do the work done in your apartment the staff are amazing! They help in a timely manner if you need to do the work done in your apartment. Crystal Village Apartments are decent apartments with very re resonance rents for what you are getting compared to other places in the area. The buildings are not the latest, and coin laundry operations are a bummer, but they are updating I live in is pretty quiet, the only problem is potheads at lower levels who stink up assembly There is never a problem with maintenance or asset management, and things are fixed within a few days. I like it. Near my office. Nice neighbors. Well positioned. Beautiful view. I love this place! The rooms are lovely and I am Layout. The whole place and the outside look nice as well. The overall location is amazing. I had planned to apply for an apartment but I waited too long and it was done, I was very sad! They're going fast! I will definitely recommend this place! There are no reviews on the property. Be the first to add a review of this attribute.
