This ensures that the stencils stick to the surface well and the color does not leak anywhere when applied.2. Peel off the unwanted parts of your stencil, leaving the mould you need in paperback.3. Take the transfer tape and glue the paperback the vinyl is in, to the tape.4. Then peel off the paperback card and the vinyl stencil will remain on the transfer tape, now stick and apply.5. After applying the stencils, apply heat using a brown pistol or hairdryer, and tap softly on the stencils on the surface and spread evenly to ensure a good stick on the surface. 5.75 x 8.75 x 2 custom Louis Vuitton self-adhesive stencil.
