From child to adult, it's definitely a different approach. Problem-solving methods are more focused and solution-oriented with counseling. This book is a chapter on counseling and psychotherapy techniques that are very thorough and usable, along with examples of any technique and conversational discussion. His book is good for reference for academics and doctors in the field of guidance psychology.it it turns out that these are many ways to fix human problems. From child to adult, it's definitely a different approach. Problem-solving methods are more focused and solution-oriented with counseling. That's the difference. Just like a doctor. Consultants also have different specialties. I'm sure the writer here doesn't stress the reader to master all his techniques. But at least know and focus on the techniques of reader mastery (read: Consultant) in this area., and inside in Expert Penilaian this book I think is good, maybe even very good when I read it time Mahasiswa S1, karna sangat kaya sumber untuk referensi. namun sekarang agak menurun kualitas berpikirnya, jadi kadang materinya banyak yang tidak saya pahami, meskipun tidak semua. kemudian juga Pendekatan-Pendekatan Konseling Barat. kalau di Indonesia akan lebih relevan lagi jika ditambahkan dengan metode Konseling bernuansa Spiritual islami. ...
