Help center in: Shops, Places, Things to Make Comments Share Curio Shop is a store owned by Arte Fact, a character that sells news, artifacts and antiques to Webkinz. The management of the store is an occupation that Arte took on after retiring from archaeology, and is the place he the artifacts he discovered during his adventures. In Webkinz World, Curio Shop serves as a place for players to buy rare and exclusive items (also known as CSO items or Arte's Favorites). It is also the place where players go to hunt for gems, which can eventually form the legendary Crown of Wonder. Shopping In Curio Shop, items can be found for prices either higher or lower than they are available for in the W-Shop. Prices are not stable, and they are subject to change every time they appear in the Curio Shop. Objects rotate every hour, with Rare Items only appearing for one hour a day. These Rare Items are different from Curio Shop exclusive items in that there is only one per day, and it appears at a fixed price. Some Rare Items appear very rarely, making them difficult to find. Deluxe members also have access to a second offer in the Curio Shop. This selection follows the same rules as the standard Curio Shop menu: It simply gives Deluxe members more items to choose from. Friendship and tips Arte has eight levels of friendship with his clients. Your level of friendship depends on how much goods you buy and how much you tip him each day. Tips can be provided for 1, 10, 25, 50 or 100 KinzCash, and Arte can only be tipped once a day. If a player tries to tip Arte more than once a day, he may be provoked to claim, That's nice, but I don't take charity. Level 1: You look like you're new here. Let me welcome you to the Curio Shop. I'm Arte. I have some great deals here and some very special items that you won't find anywhere else, so feel free to look around, but let me lay down some rules first. I don't take coupons and I don't take refunds. I have new stuff for sale all the time and if I happen to have a rare item for sale, you can just get one... got it? Level 2: Welcome to Curio Shop. Hope you find what you are looking for. Level 3: Welcome back. See if you can find a bargain today. Level 4: Hey, welcome back, if you see something you like, let me know. Level 5: Good to see you again. Have fun shopping. Level 6: Ahh, one of my favorite customers. Let's see what I can do for you. Level 7: There you are! Always good to see you. My shop is your store. Once you reach level 7, you can ask Arte what time sales and rare items will be available, and he will hold up a sign showing you the time. Note that if you haven't reached level 7 and you don't buy things or tip him for a long time, you will drop back a level. Deluxe Membership Level: Well, if it's not one on my extra special customers! Welcome to Curio Shop! Ask about the sale On the ask about the sale section of curio shop, Arte will give you a clue as to when he will have a sale. Once you have reached level 7 of you and Arte's friendship, he will tell you the Time. Question about rare items on The Rare Item Section The Curio Shop, Arte will give you a clue when a Rare Item will appear in the Curio Shop. At level 7, he will tell you the exact time, but not the object. Gem Hunt The Gem Hunt is a daily activity where the player can break gems at Gem Mines, which is monitored and owned by Arte Fact itself. You can access the mines through the Curio Shop by selecting the Gem Hunt option and then clicking on the map, and check out the gems you have already collected by clicking on the Gem Collection box. Once you have collected all 30 gems, you can trade your gems in for the Webkinz Crown of Wonder. Mines There are five different mines you can clear, each having different gems found in them. Each bead is divided into three rarities: common, unusual, and rare. Every rare gem is found only in a mine, corresponding to the inner color of mine. An article by Steve Webkinz explains this[1], though a summary is listed below. Buried Bones Mine All white beads (including Webkinz Diamond) Uncommon / common yellow beads Common blue beads Flea Floater Mine All green beads (including Earth Emerald) Uncommon / common red beads Common white beads Howling Horse Mine All blue beads (including Ocean Sapphire) Uncommon usual / common green beads Common red beads Muzzle Mouth Mine All red Beads (including Red Ruby Heart) Uncommon/common white beads Common yellow beads Barking Mad Mine All yellow beads (including Corona Topaz) Uncommon/common blue beads Ordinary green beads When you find a bead (or not, then you've just found slag), you can either keep it in your Gem Collection or sell it to Arte. The price he buys it for depends on how many he has bought that day and how rare it is, or whether it is the Pearl of the Day. Alternatively, you can find Doug the Dog in the collectible room in the clubhouse and swap gems you've kept for special items.
