White station high school band

Please use this page to find all the music that takes place during games. It is your responsibility to listen, and learn your parts in terms of shows and music stands. Don't rely on music learning practices – you won't. There's too much music to remember and too much to learn elsewhere, especially if you're an incoming newcomer. Listen to as many recordings as you can get help with. Knowing the music will help you learn your share. Note that these are arrangements and may not follow the original recording form or harmonic structure. Field Show should take precedence because it is a visual and phonetic representation of our program. Music is Spotify.com, jwpepper.com and YouTube.com. Newcomer, remembering is important because we don't usually use lyrics to keep music when we play. You can, but it's harder than it looks. Hence the stress of learning your music early. The following pieces are the most important because they happen at every game so learn about them first: We Da Tigers, Star Spangled Banner, Wisconsin. Below is the score (draft-small changes to come) for the field of the show and added an MP3 reference (parts added in a few weeks: No show this year! Show out pages and coordinate cards here (Print out all pages, but only your coordinate instrument): QR codes are designed for those who want to use the mobile app to see where they should be in the field, versus walking along the cage sheets. No Drill Sheets this year! I look forward to working with all of you this year and can't wait to hear the sound of the Spartan band. Enjoy the rest of your free time until the Band Camp. Music by Song: Me Da Tigers - 2 of 3 remembered Star Spangled Banner - 3 3 to remind you of the maximum strength of Warmup in Wisconsin - Fight Song - Leave this one too (very important) Drumline Cadences (original); Drumline Cadence scores Meet the Director: Now in his eighth year of teaching at White Station High School, Mr. Sims is excited to work with the best band of students in town.
