I'm from Argentina. I write that manual in Spanish ram elements. I can't find him anywhere. I only have examples that come with the Rams. Thank you very much. PS: I would also rate PDF examples of SAP2000. nachosegurel Newbie User Messages: 5 Registered: Wed Feb 17, 2016 7:47 pm received: 6 times #2 Mar Abr 26, 2016 7:27 am diego, here is a manual of RAM Elements in Spanish. I owe you an SAP manual. If you want a STAADPro manual (a program that I think is a little better ram) let me know that I'll send it to you.
