AU \$124.54. Hage, Jaap, Akkermans, Bram (Eds.). When discussing a positive law, the focus is on legal issues to be dealt with in the area of law and on the different decisions taken, such as general law and the tradition of civil law. CYBER DEAL: 50% discount on all Springer eBooks | Get this offer! In that regard, as a lawyer, he can be regarded as a lawyer, even more than he has detailed knowledge of certain rules. The text is considered a convincing educational tool because it satisfactorily meets its proposal to introduce students to the law, boasting a charming coverage width effectively ... [J C Hage; Bram Akkermans.] - This book is exceptional in the sense that it provides an introduction to the law in general rather than the law of one particular jurisdiction, and it is a unique way to look at legal education. The introduction to the law reflects this approach, focusing on the functions of the rules and the relative characteristics of alternative legal solutions. The purchase of software, multilateral agreements and accusations of corruption by officials are broad in scope. Introduction The work consists mainly of three parts: introduction, individual labour law and collective labour law in Turkey. It is very important that lawyers know how to solve various societal problems and be able to discuss the pros and cons of various legal decisions. In such an atmosphere, the Korean Institute for Legislative Research has published this book to spread awareness of Korean law and its legal system around the world as authoritative sources of legal information for other countries. The purpose of this short text is simply to introduce the reader to this subject. The introduction to the law reflects this approach, focusing on the functions of the rules and the relative characteristics of alternative legal solutions. price spain free preview. Having solved the basic concept of sports specificity (that is, whether private sport we have a special website for Germany. Introduction to Law Springer International Publishing (2014) Introduction to legal editor: Hage , Jaap, Akkermans , Bram (Eds.) Springer Law program links all related areas both scientifically and in practical terms - and thus connects all the essential points ... Introduction to the law is content rich, very and a practical structured tutorial optimized to provide complex information in highly segmented, concise and accessible morsels. The text is considered a convincing educational tool because it satisfactorily complies with its proposal to make students aware of the law, effectively complementing the scope of coverage, as well as strategic and appropriate selections of legal files that are aptly complementary to the discussion of concepts. (Flawless Business, impeccablebusiness.wordpress.com, June 2016). Photo, Photo. 1.6k Downloads; Sign in to verify access. This book is exceptional in the sense that it gives an introduction to the law in general rather than to the law of one particular jurisdiction, and it provides a unique way of looking at legal education. When discussing positive law, the focus is on legal issues to be dealt with in the area of law and on the different decisions taken, such as the traditions of general law and civil law. © 2020 Springer Nature Switzerland AG. The right of specific jurisdictions is discussed in order to illustrate possible answers to questions such as when a valid contract is presumed. Introduction to the law.
