Black Desert Online guide to the various aspects of Imperial Trading added with August 10 patch. Calpheon/Mediah Trade All trade quests from Trade Managers in pre-Mediah and Mediah areas now rewards Calpheon or Mediah Trade stamps when you complete them. This is only an added bonus for regular trading if you now use these Shiny Golden Seals from Calpheon or Mediah Trade to buy items. Trade quests in Serendia, Balenos, and Calpheon rewards Calpheon Trade seals, while trade quests in Mediah reward Mediah seals. Shiny Golden Seal - [Calpheon Trade] Swap them on Harden the trade manager in northern gate of Calpheon 100ea: Magic Hoe 220ea: Fishing Boat Cargo Container of Abundance 230ea: Fighting Spirit Hide Saddle Shiny Golden Seal - [Mediah Trade] Swap them with Quinoa the trade manager in western port of Altinova. 230 ea: High-Quality Noble Wagon Cover 240 ea: Fighting Spirit Hide Stirrups 450 ea: Ancient Artifact China Work Supervisor Workers now give Shiny Golden Seals or Worker Supervisor randomly when they finish a round of work. These seals are deposited in the storage of the city they call home. Higher layer workers (i.e. Artisan workers) seem to give more and goblins might be the best choice to mass produce these seals due to their fast speed. Shiny Golden Seal – [Work Supervisor] You exchange these stamps at Santo Manzi in Velia for items. 500 ea: Abundant Fishing Boat Decoration 600 ea: Steel Champron by Fighting Spirit 600 ea: Steel Barding of Fighting Spirit Imperial Conquest Imperial Conquest are seals obtained by killing the thieves who spawn and attack you when you have a trade package in front of you. All you have to do is to grab a trade pack from a trade manager and go to the spots marked with the bandit icon. These thieves are about level 50 and come in packs of 3 or more. On average, you get one seal per pack, so it can take a while to collect enough stamps to trade in for items. Shiny Golden Seal – Imperial Conquest You can trade Imperial Conquest seals with Valks in Calpheon 35 ea: Magic Butcher Knife 35 ea: Magic Pickaxe 150 ea: Light Storm Hide Stirrups 200 ea: High-Quality Noble Wagon Wheel 200 ea: Black Essence: Harsha (Helmet Magic, Max HP+50, HP Recovery +5 and Evasion +2) 400 ea: Black Essence – Black Spirit’s Crystal (Secondary Weapon Crystal, Max HP +150, AP +5) Imperial Fishing & Training You now trade blue and higher quality fish to an Imperial supplier in Velia and 15+ horses of any layer to another Imperial supplier in Calpheon. Imperial Fishing Imperial Fishing Delivery NPCs can be found in Velia, Glish, Epheria Port, Splashing Point and Valencia City. They take the blue/yellow fish you have at 250% trade bonus and occasionally give you Shiny Golden Seal - [Imperial Fishing] too. There is no distance bonus. The trading window may be higher since it factor in the distance bonus, but you only get paid the 250% trade value without distance bonus. You do not negotiate with the trader. There’s no distance bonus, but you still need to have nodes connected or you only get 30%. The freshness of the fish does not matter for the silver value, as long as the fish has not expired. Each trade also have a limit on how much of each fish (usually 30-40) they will take and reset this limit every few hours (assuming is random every 3-4 hours). This limit is shared with other players, so you switch channels or NPC when you encounter a NPC that no longer takes your fish. The Imperial Fishing Delivery NPCs are located at the following Karon locations in Velia next to the dock manager Rai in Glish next to the trade manager. Dius in Port Epheria next to the dock manager. Hirio in Splashing Point in Mediah alongside trade manager Balleo in Valencia City alongside the Imperial Crafting Delivery NPC dd Shiny Golden Seal - [Imperial Fishing] can be traded with Abelin in Velia docks for items. 10 ea: Magic Fluid Collector 200 ea: Ancient Slate Ornament 250 ea: Light Leather Storm Saddle 250 ea: Black Essence: Carmae (Weapon Magic Crystal that give Crit Hit/Attack Speed +1 and AP+2) 250 ea: Black Essence – Addis (Weapon Magic Crystal that crit hit/casting speed +1 and AP+2) Imperial Training Level 15+ horses of each layer, can be exchanged for Shiny Golden Seals or Imperial Training in stables in major cities. Once you have the Level 15 or above horse within a stable in one of the big cities, you will get the option for Imperial Horse Delivery when you click on them. This will give you some Shiny Golden Seals or Imperial Training, depending on the layer of the horse and a large amount of silver, depending on the number of skills the horse has earned. Tier 1 horses get 1 seal, tier 2 get 2 seals, and so on with Tier 7 horses earning 7 seals to trade in. With the Shiny Golden Seal – [Imperial Training] you can exchange them with the stable NPC Breesman in Calpheon north gate. 2 ea: Magic Lumbering Axe 2 ea: Magic Tanning Knife 6 ea: High-Quality Merchant Wagon Wheel 6 ea: Fishing Boat Prow of Abundance 12 ea: Black Essence: Viper (Glove Magic Crystal, Attack Speed /Casting +1, Accuracy +2) You also swap these seals for Camels at the stable seller in Sand Grain Bazaar or Shakatu of Valencia 5 seals give you the ordinary camel you get from quests when you reach 55 + 15 seals giving you a Dark Brown Camel that has the same stats/skills as the regular camel only with a different appearance. Imperial Delivery This feature is currently a bit buggy with the Imperial Delivery NPC only displayed in certain channels (Valencia 2 channels seems to have them at the time of writing). Confuse the Imperial NPC does not include the Imperial Crafting Delivery NPC, these are two different NPCs. For Imperial Delivery Delivery press ESC to go to the main menu, and then click the new Trading Info button. The top section shows the Merchant Event where sellers in some areas take all goods with a value of 200% if you have nodes associated with them. This is not related to Imperial Delivery and is just normal trading, so I won't go into it here. Now the lower section marked Imperial Delivery is our focus. You'll see 5 NPCs, one in each region. They will take different goods that change from various places every few hours. You have to hover over the goods to see where you buy them. For example, the Mediah Territory Imperial Delivery NPC wants Love Potion No.6 which comes from the Trade Manager in Olvia. Another way to see items available for Imperial Delivery goes to the individual trade managers and spot the Imperial Delivery in progress notice on the items. You trade in the goods that these Imperial Delivery NPCs want and in exchange for these goods they give you silver and variable quantities of Shiny Golden Seal - [Imperial Delivery] that you exchange for other items. For maximum silver win, you need to connect the nodes, just like regular trades. There is also a limit on how many of the items they will take, as indicated by the trading interface of each item. They will stop taking these items once that limit is reached. This resets every few hours, but you also switch channels. There is distance bonus and you negotiate for more than the listed price. Shiny Golden Seal – Imperial Delivery Trade these tokens with Lamiro Ladans outside the northern gate of Calpheon 250 ea: Fine Merchant Coach Cover 250 ea: Ancient Kamel Statue 300 ea: Feather Champron of Storm 300 ea: Black Essence: Hysteria (Shoes Magic Crystal – Max weight +20 LT and Movement Speed +1 and Max Stamina +150) 320 ea: Steel Horseshoe or Fighting Spirit 400 ea: Clothes for a Fine Horse Trainer Imperial Cooking & Alchemy Imperial Cooking and Alchemy basically function identically so I grouped them together. In each of the major cities in each region is an Imperial Crafting Delivery NPC which will take certain packages that you made using cooking or alchemy. You must first use the sub-ingredients using normal alchemy/cooking utensils in your hometown and then use the processing window (L) and select either the Imperial Cuisine or the Imperial Alchemy Packaging option to make the finished product that will be accepted by NPCs' delivery. It is possible to proc a double sometimes when doing the processing to make trading packages. These trade packages are always sold for 250% and you don't need to connect nodes to the different cities to take advantage of them. However, there are some limitations on how and how much you You only make packages through processing up to your maximum alchemy/cooking level. So if you are a professional chef, you can only be professional professional boxes and below. You can master the craft or master ones until you reach there in cooking levels. There is a daily limit of how much you sell, this is determined by your maximum contribution point (i.e. at 200 contribution point I can sell 67 items to these traders) For each item, each NPC will only be 30+/-7 (i.e. maximum 37 or a minimum of 23). This number is shared between players for that NPC on that channel, so if someone sold the same items before you go to that NPC and exhaust the quantities, you'll have to wait 3 hours for the NPC to reset the inventory of that particular item or switch to another channel or go to another NPC in the same channel. There is no distance bonus. The trading window may contain a higher price because it factor in the distance bonus, but you only get paid the 250% trade value without distance bonus. You do not negotiate with the trader.
