Bulk shot glasses canada

BulkBarProducts.com was created to allow users to buy bar and restaurant supplies in bulk and save. While you can check below with less than bulkLoad, we recommend that you fill out your basket and check with FREE shipping to anywhere in the United States for orders that meet one of three criteria. Custom Amount - If your order reaches the minimum order amount of \$X.XX, it is delivered free of charge. You don't need to fill in the full CBM or full X weight for free shipping if you meet the cost requirements first. Weight - This is especially popular with our glass products, in which the weight of the order is high, but the price of goods is low. If you reach X pounds in product weight, your order is free. You don't need to match the full amount of X dollar or the full volume of order X if your order meets the weight requirements. With CBM/Volume - This is a popular option for light weight, but bulky items such as beer towers, straws and consumables. If your order reaches X CBM (cubic meters) volume, your order is free. You don't need to meet the full amount of X dollar or full weight X if your order meets the volume/cubic meter requirements. As with all our orders, FREE SHIPPING is only permissible for BulkLoad customers who are shipped to the continental United States. If you want to send your order internationally, please send it to a shipping agent and negotiate a further shipment from the shipping agent. If you prefer to have an order sent directly to your international address, contact our international sales department at 1-727-584-2093 for additional assistance and delivery offer.
