Vdc norte parking reddit

I live in North's VDC, and my boyfriend visits frequently. He's kind of stuck in this vicious parking cycle. Or is this not there? Page 2 15 comments will transfer the student. Which apartment is better? Top 2 14 Comments Hi Redditor and current UCI students! I will be transferring to UCI from San Diego and I was recently admitted to camino del Sol housing. I know parking is really expensive along with paying to live on campus. I wondered if there was someone living in a VDC grade using their parking spot. I want to buy it from you. Thanks! Top 2 9 comments hello everyone, I'm currently on stop. I got out of the waiting list for Vdc Norte and was considering signing a lease (until Saturday to do so), but it seems expensive compared to housing in UTC. I usually prefer quiet environments and I plan to bring my car down next quarter. If what I heard about UTC is true, do they have free parking? In general, I'm just wondering who the choice would be an economically wiser decision if you're all experienced or knowledge might chime in. thank you , thank you . I was getting my car and I talked to the office about parking passes and they told me I would have to pay \$300 even though the quarter is almost finished. Does anyone have any advice or sell their pass? please help . Does anyone know how often VDC guest parking is patrolled? Weekends and holidays? It's hard for me to imagine people delivering tickets at 3am but I don't want it to be compromised for my overnight guests. Hey guys, I suggested my housing on the vdcn which was 2bed/2bath luxury because the parking price there is included in the rent. This is technically the cheapest for me since I got a car. I'm a transfer and have lived with my parents throughout cc and I've seen most absolutely terrible reviews about this place. I'm not sure if I have a lot of choice at this stage but this contract expires in 5 days so I have to make a hard choice. The location is \$1,130 for my own room and bathroom, 250 hours visit, parking prices included, and washer/dryer included. I don't even know if I can get a better price than this technically. The concept of looking somewhere outside this process of water seems very open and confusing. Should I look at other options or run with this offer? Page 2 Hi, I wonder if anyone has parking passes that they sell for the summer meeting. It can graduate in either a North vdc or an undergraduate parking lot. Please let me know ASAP and I will offer you the best offer I can!! Hi fellow UCI students, so I'm #several hundreds on a housing waiting list with only 55 points open for campus housing. Darn. So my next steps are to look at the options of American campus communities. So, there's someone. Some comments/experience with Vista del Campo, Vista del Campo Norte, Camino del Sol or/and Puerta del Sol? I'm also seeing a craigslist ad with room for rent. I'm really trying to find something close where I can bike to campus. Please share your wisdom or experience!! Note: I'm a single undergraduate over 25 years old, so I had to sign up for graduate housing since I don't have dormitories. Top 2 15 Comments Comments
