Borderlands pre sequel playable character list

Moonstone, used as a currency for the black market, grinders and tails Moxx and 40, can be used to unlock moonstone treasure chests for stripped high-quality Moxx-tails - a special drink that can be purchased using Moonstones from Mad Moxxi's Up Over Bar to various buzzers that last for 30 minutes. Oz kit - a small shoulder mounting device that stops Vault Hunters from suffocating when outside the atmosphere and allows them to carry out extra air. As long as their limited oxygen intake is not depleted, replacing the relics from Borderlands 2, Trivia Pandora's moon is named Elpis after the party and the spirit of Greek hope, the last thing liberated from the Pandora's Box. The song played above the preliminary cutscene is Black Dragon and (briefly) goodbye, both by vines. What is the song that plays through the final credits, what makes people good?
