Macbeth folger edition pdf

William Shakespeare was born in April 1564 in the town of Stratford-upon-Avon, on the River Avon, England. When she was eighteen, she married Anne Hathaway. The couple have three children - an older daughter Susanna and twins, Judith and Hamnet. Hamnet, Shakespeare's only son, died in childhood. Much of Shakespeare's working life was spent in the London theatre world, where he established himself professionally in the early 1590s. He enjoyed success not only as a screenwriter and poet, but also as an actor and shareholder in an acting company. Although some people think that around 1610 and 1613 Shakespeare retired from theatre and returned home to Stratford, where he died in 1616, others believe that he may have continued to work in London until close to his death.
