The 12-episode anime adaptation of Brain's Base aired between January 7 and March 25, 2018. The OVA episode was announced in June 2018 and was combined with the show's 7th DVD and Blu-ray releases. After the sudden death of their parents, two young brothers named Ryuichi Kasima (a high school freshman) and his younger brother Kotaro (preschooler) were orphaned and had no place to call home. The chairman of the prestigious Morinomium Academy proposes to take the boys into care, giving them a new home and free tuition, provided that Ryuichi helps with the kindergarten of the school, as well as to attend regular classes during school hours. Characters Apprentice Ryuichi Kasima (鹿島 竜, Kasima Ryuichi) Voiced: Kataro Nishiyama (Japanese), He and his brother Kotaro lost their parents in a plane crash, leaving them orphaned. They are taken to Morinomium in exchange for his help at the school nanny club. Ryuichi is a kind and friendly boy who easily befriends the people around him. He loves his little brother Kotaro and will do everything for him, trying his best to support him. He sympathizes with the activities of the nanny and all the babies who are drawn to him. Hayato Kaitani (猿谷 隼, Kabitani Hayato) Voiced: Yaichiro Umehara (Japanese), boy at The Morinomiyah Academy, son of Kaitani Shizuka and Hebihara Taizu, a science teacher at the school, and Taka's older brother. He befriended Ryuichi and often hangs out with him as one of his closest friends. It is mostly inexpressive, quiet, and rarely speaks more than strictly necessary. Although he often smacks of Taka in order for him to behave (which becomes a recurring running gag), in fact Ayaato loves and cares deeply about his brother, though he never openly declares it to him. Eventually he joins the nanny club as an official member, doing activities there and at the baseball club. Maria Inomata (徳又 まりあ, Inomata Maria) Voiced by Satomi Akesaka (Japan), special class student at The Morinomy Academy. She's a very diligent girl, socially embarrassing. Although she may be blunt and sometimes abusive, she is not a bad person at heart; rather, she found it difficult to interact with people believing that learning is difficult for everything she excels at, and can become easily saddened, which shows that she can be sensitive. She develops a love for Ryuichi, to which he does not pay attention, and periodically interacts with the club nanny and his children. Children like her, but her harsh behavior can scare them from time to time. Tomoya Yagi (J羊 朋也, Yagi Tomoya) Voiced by: Toshiyuki Somea, (Japanese) Second Year Student of the Morinomium Advanced Class Academy. He is a beautiful and kind boy who is very popular with girls. Later, he develops a love of Ryuichi when he makes mistakes over the girl, while the latter wears a wig. In his original appearance he is shown not to like children, but he acquires a kind of soft spot for them as time passes. At one point, Usida bribes him to hook up to Kotaro while the baby performs his first errand, and he maintains his anonymity by wearing a bag over his head. The children of Kotaro Kashima (鹿島 虎太郎, Kashima Kotaro) are voiced: Nozomi Furuki (Japanese), Ruichi's younger brother. Kotaro is a kid who loves his older brother and sticks to him.
