## Dish 211z manual

Re-produced: Fully inspected, quality tested and restored to the highest standards, dish VIP®211z is a high definition (HD), single-tuned satellite receiver perfect for mobile use and supports Pay As You Go programming. Smaller and lighter than previous models, a processor is more than twice as fast and with twice as much internal memory. Its compact design (2h x 12.9w x 8.9d) is excellent in limited space. ViP®211z supports a TV with high definition (HD) or standard definition (SD), four screen resolutions, and Dolby® Surround Sound. Combined with Dish Pay As You Go and the Portable HD Satellite Dish, this is the ultimate package of a mobile customer for satellite TV on the open road. DISH's Pay You Go program is simple and effective: No Activation Fee. There's no disconnect fee. No Restart Fee. Existing DISH subscribers can add open TV equipment for just \$7 per month for each buyer. Features \* Re-produced goods fully inspected, quality tested and restored to highest standards 2H x 12.9W x 8.9D 110 volt Infrared remote control HDMI including (HD) video output RCA composite (SD) video output Air input: USB OTA Tuner #73913 requires, Tuner module sold separately: 8PSK DRAM memory: 256 MB Flash memory: 32 MB Processor speed: 100 DMIPS Receiver family: Solo HD (411, ViP 211, ViP 211k, 211z) User interface: Gandalf Modem for caller ID/DISHComm: Note: ViP211z comparable to 211k and compatible with all DISH-specific satellite dishes, including Tailgater by DISH. Featured Plugins Air Tuner: Dish ViP® add the tuner from the air for the 211z satellite receiver. Dish Over-the-Air (OTA) Module allows you ® digital air scanner to your ViP 211z satellite receiver. This module/tuner allows you to integrate aerial channels into the on-screen Program Guide for seamless viewing. Your antenna channels will appear in the DISH guide just like a satellite channel, so you can see what's playing for up to 14 days. You can record your antenna channels like any other satellite channel. RF Modulator: If it only goes to your COAX TV, you can buy an RF Modulator that will convert Color Processor Enhancers, Computers, TV Games, Video Cameras and Satellite Receivers A/V Output to display Ch.3 or Ch.4 on any regular TV. After adding a TV to our guest room, write your own product review. I purchased this receiver to connect to our new smart UHD TV. This receiver provides our guest room TV, with HDMI connectivity, you can see our other home TV sets for a much lesser price that will cost the full spectrum of channels and a new DISH TV receiver. DISH satellite service has announced that this receiver Come and close after our guests leave, so you don't have to keep paying a \$6 monthly fee when it's not in use. I always buy refurbished products. In this way it was actually tested by a human being. These receivers are cutting edges. I have a Winegard Pathways 6002 satellite antenna. It supports 2 receivers, but not 2 Wally receivers. ViP 211 works well with him. I'm very pleased. Register re-certified \$. It works perfectly. The Dish buyer in our trailer broke down, so I went looking for a replacement. I looked at Camping World, but they only guaranteed you 30 days. They decided to buy here because they guarantee a year. Arrived on time and perfectly loaded. You definitely want to buy here again. The Dish buyer in our trailer broke down, so I went looking for a replacement. It is plugged in, open, with no hassle along with my previously installed external HD and I am quite satisfied. The box but the customer service is the best great great I've ever had. We bought this buyer but had a few hiccups in the process. The Dish for my RV was a friend and great about fixing the situation in a timely way. The receiver works great and was easy to install. We already had a Dish account, so we called dish. I recommend Dish to my friends and family for my RV.
