## Gw2 triumphant dye kit

Home> Guild Wars 2 Booking Today during the reception of the 6th birthday dye kit, I went to the wiki to see what dye was included in the kit. However, don't know if this is true, someone wrote that there is a mistake and that the Primordus Dye Kit it contains the dye of the Elonian Beasts Dye Kit rather than its own. Don't know if it's legal or maybe someone has changed the wiki to favor other dye and manipulate the prices as a trap. Can anyone confirm the intended content of the Triumphant Dye Set? 0 Dedicated Dye KitRareContainer(Standard)Double-click to choose from a vast array of account-bound dyes. Account Bound Not Sellable The first characters created during the headstart celebrate their 7th birthday. Now my warrior proudly wears armor worth more than 700 gold just because of the dye being applied (Abyssal Forest, Enameled Longevity and Bloodstone Indigo)! Each character who reaches their 7th birthday receives a Victorious Dye Kit that lets you choose dye from the Zhaitan Dye Kit, the Mordremoth Dye Kit, the Crematorik Dye Kit or the Sacred Dye Kit. Although I would have advice against using them for the Zhaitan Dye Kits as it could be selected from the Triumphant Thigh Kit as well that you get on the characters' 6th birthday. Well, unless you have no characters left to reach their 6th birthday and really want a dye from that kit (and don't want to buy it from the Trading Post). Other than posing for this picture, I'm not playing her at the moment. I returned to a low level human ranger and am now playing through the human zones. And that's a screenshot of my Asura warrior back in August 2012. Before I used a Makeover Kit on her. She looks so cute and innocent back then... From Guild Wars 2 WikiJump to navigationJump to search Contains one random weapon color of a pool of 25 colors that includes six exclusive colors. Dye can be unlocked for unlimited uses to color armor on all characters. Colour bottles can also be recycled in the mystical forging. — In-game description Acquisition[edit] Sold by containing in Notes[edit] Gem Store history[edit] From Guild Wars 2 WikiJump to navigationJump to search I have a 4 year and some of 3 year birthday presents. I know the dye is bound, but I think there are still some that aren't worth it because they're cheaper to buy. Any thoughts on which dye sets make the most sense?
