February 9, 2016. The affected sheet has buttons to adjust harness tightness. The child in the seat can access this button and release the harness without the caregiver's knowledge. The result: If the child is able to unsafraid of the harness, it may not be properly fixed in the crash, increasing the risk of injury. Corrective action: Evenflo informs registered owners and provides relief kits with replacement harness adjustment buttons for free. The recall began on September 28, 2016. Owners www.evolve.evenflo.com or evenflo.com at 1-800-233-5921. Note: Owners can also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153) or go www.safercar.gov the airport. NHTSA Number: 16C007000 Make: EVENFLO Model: Translocy Booster Seat Production Date: December 18, 2014 - January 29, 2016 Defect: Evenflo Company, Inc. (Evenflo) recalls certain transition 3-in-1 combination booster seats produced between December 18, 2014 and January 29, 2016, model numbers 34411686, 34411695, and 34411699. The central forward regulator (CFA) button used to loosen the inner harness of the seat can be within reach of the child, allowing the child to activate the CFA and loosen the internal harness. Result: If the inner harness is not tightened cosy around the child, the risk of injury in the collision increases. Corrective action: Evenflo informs owners and provides relief kits with newly designed seat pads and CFA assemblies for free. Owners www.transitions.evenflo.com or evenflo.com at 1-800-233-5921. The recall began on March 14, 2016. Note: This safety issue only affects seat use in front harness boosters (22-65 lbs and 28-50 in) configurations. Note: Owners can also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153) or go www.safercar.gov the airport. NHTSA Number: 16C003000 [EVENFLO Safety Recall Number: Transition CFA] Production: EVENFLO Model: Embrace 35 Production Date: - Defect: Evenflo Company, Inc. (Evenflo) Recalls 35 two-piece hugs with AmSafe QT1 buckles, rear infant restraints for infants. The affected model numbers include: 30711365 (Snugli brand), 31511040, 31511323, 31511400, 3151198, 3151953, 31521138, 46811205 (or 24502447), 46811237 (or 24502446), 48111200, 48111215, 48111215A, 48111218, 48111234, 48111235, 48111235A, 48111462, 48411391 (or 24502786), 48411391D (or 24502787), 48411392 (or 24502830), 48411504 (or 24507546), 48411504D (or 24507544), 52911307A, 52921040, 55311138 (or 24505003), 55311238 (or 24505000), and 55311292 (or 24505001) and were manufactured at various times from December 2011 through May 2013. Over time, using the seat can make it difficult to unswoke the harness buckle. The result: Buckles that are not easily or completely released increase the risk of injury in the event of a vehicle collision, fire or other emergency, making it difficult to remove the child from restraint if a rapid exit from the vehicle is required. Corrective action: Evenflo informs registered owners and provides relief kits, including replacement buckles and instructions for the installation of AmSafe buckles and newly designed replacement buckles. The recall began on November 3, 2014. Owners can contact Evenflo's toll-free number at 1-800-490-7591 www.embracebuckle.evenflo.com visit their website at the time. Note: Evenflo is conducting a separate customer awareness campaign to address the Evenflo Embrace, a 35-model model with amSafe QT3 buckles, which is not subject to this safety recall. Evenflo provides replacement buckles and installation instructions at the customer's request. Owners should contact Evenflo at the number above for more information. Owners can also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153) or go www.safercar.gov to the airport. NHTSA No.: 14C006000 Make: EVENFLO Model: Chase, Maesser, Maesser Performance, Momentum 65, Security Kid, SNUGLI All-in-One, SNUGLI Booster, SURERIDE DLX, Symphony, Titan 65 Production Date: - Defect: Evenflo Company, Inc. (Evenflo) includes certain convertible and harness child restraints, model momentum 65 (including LX and DLX), chase (including LX, DLX), maestoro (including performance), massro (including performance 63), snoogli all-in-one, Seats affected by Snoogli Booster, Titan 65, Shride DLX, And Security Kid (LX, DLX, 100, 300, 400) have model number prefixes for 306, 308, 310, 329, 345, 346, 371 or 385. Defects involve difficulty loosening the harness buckle. In convertible car seats and harness booster seats, the buckle can be latched so that it cannot be opened by pressing the release button on the buckle. The result: It can be difficult to remove the child. The risk of injury increases in the event of an emergency that requires a rapid exit from the vehicle. Corrective action: Evenflo notified the registered owner in April 2014. The company will begin providing replacement buckles in April 2014 with installation instructions. Owners can contact Evenflo online at 1-800-www.buckle.evenflo.com-7591 or online. Note: For a complete list of production dates for affected seats, please click on the relevant documentation and defect notice (Part 573). As not all seats within the listed date range are included, consumers should contact Evenflo at the number or website listed here, along with the seat chair model and manufacturing date, to see if the seat is included. Note: Owners can also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153) or go www.safercar.gov the airport. NHTSA Number: 14C003000 Make: EVENFLO Model: Big Kid Production Date: - Non-Compliant: Specific Evenflo Big Eye Factory Choice Booster Seat, Model No. 30911173AD, Shipped between 3091967AD, 30911118AD, 309111118AD, 309111120D, August 6, 2012, and September 18, 2012, the 3091111120D fails to comply with the requirements of federal automotive safety standard No. 213, child protection system. The target seats were originally manufactured for retail display purposes only and were not sold in retail stores. Therefore, the seats were packed without the owner's manual or the required registration card. However, the seats were accidentally shipped to Evenflo's agency customers (e.g. hospitals, government agencies) and offered to families. None of the affected units were sold in retail stores. Result: If you do not have a user guide, the sheet may be used improperly. If the owner does not apply for registration with the manufacturer of the child seat, they may not be notified of the safety recall due to a lack of information on how to do so. The increased risk of injury in a crash in any condition increases the risk of a child. Corrective action: The affected seats have a label on the back of the booster seat headrest that says It is not for sale only. Evenflo will mail relief kits with consumer registration cards, user manuals and over-labels covering the current label to owners who have received the affected Big Kid booster seats. Relief kits are provided free of charge. Notice began on October 10, 2012. Owners can contact Evenflo at 1-800-233.com 5921 or safety.evenflo.com. Note: Owners can also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153) or go www.safercar.gov the airport. NHTSA Number: 12C003000 Make: WAYB Model: PICO, PICO, PICO Production Date: February 1, 2019 - May 12, 2019 Defect: ForB WAYB (WAYB) is recalling certain WAYB Pico children's seats manufactured between February 1, 2019 and August 23, 2019. The aluminum tube frame of the headrest can be crushed to allow the headrest to detach. Result: Increased risk of injury in the collision when the headrest is eddy or detached. Corrective action: Manufacturers are still developing plans to replace headrests for affected seats for free. The recall began on November 12, 2019. Owners help@wayb.com contact WAYB Customer Service at 1-888-924-9292. Note: Owners can also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153) or go www.safercar.gov the airport. NHTSA No.: 19C001000 Make: Graco Model: My Ride 65 Production Date: May 20 - August 1, 2014 Non-compliant: Graco Children's Products Inc. (Graco) is a specific Graco My Ride 65 convertible child restraint, model 1871689, 1808152, 1813074, 1872691, 1853478, 1877535, 1813535, 1813015, 18130155, 18130155, 181301535, 181301535, 181301533. In the course of a collision, the webbing of the child's seat may not adequately deter the child. As a result, this chassis fails to comply with the Child Restraint System, which is federal motor vehicle safety standard (FMVSS) number 213. The result: Children who are not adequately restrained in the crash are at increased risk of injury. Corrective action: Graco informs the owner and the dealer offers consumers a replacement harness for free. The recall began on July 7, 2017. Owners can contact Graco Customer Service at 1-800-345-4109. Note: Owners can also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153) or go www.safercar.gov the airport. NHTSA No.: 17C001000 Make: Graco Model: Turbo Booster Production Date: - Non-Compliant: Graco Children's Products Inc. (Graco) is a specific Graco Turbo Booster Booster Seat, Recalls certain GracoboBooster booster seats produced between model 1967886, 1963973, 1963974, 1963975, 1963976, 1975173, December 22, 2015, and April 5, 2016. Instructions for booster seats do not provide information that the seat must always be securely belted, even if the seat is empty. As a result, these seats fail to comply with the requirements of the Child Restraint System, which is federal motor vehicle safety standard (FMVSS) number 213. Result: Empty and unsafe child restraints can hit other occupants and cause injury in vehicle crashes. Corrective action: Graco will notify the registered owner and provide the missing printed instructions for free. Uns registered owners can contact Graco Customer Service at 1-800-345-4109 for missing printed instructions. The recall began on June 8, 2016. Note: Owners can also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153) or go to NHTSA No.: 16C004000 Make: GRACO Model: EXTEND2Fit Convertible Production Date: November 27, 2015 to January 20, 2016 Non-compliant: Graco Children's Products, Inc. (Graco) is recalling certain Extend2Fit convertible children's seats manufactured between November 27, 2015 and January 20, 2016. Affected children's seats may be placed with tilt labels in the wrong location, causing confusion about how to use the seat correctly. As a result, these child seats fail to comply with the requirements of the Child Restraint System, Federal Motor Vehicle Safety Standard (FMVSS) No. 213. Results: If the instructions are followed as indicated, you may need to keep the infant upright towards the rear or place the infant in a forward-facing position. Both scenarios can increase a child's risk of injury in a collision. Corrective action: Graco will notify the owner and provide the new modified label free of charge along with the application instructions. The recall began on March 22, 2016. Owners can contact Graco Customer Service at 1-800-345-4109. Note: Owners can also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153) or go www.safercar.gov the airport. NHTSA Number: 16C002000 Make: Graco Model: Milestone Production Date: July 9, 2015 - October 6, 2015 Non-compliant: Graco Children's Products Inc. (Graco) recalls federal auto safety standard number 213, certain milestone children's seats for failing to comply with the requirements of the children's system, model numbers 1910130, 1923980, 1926538 and 1926539. The affected child seats have a label that does not have the required wording to secure this child restraint if available or with the vehicle belt with the vehicle's Child Restraint Anchorage System (BATCh). Result: Improperly fixed infant seats may increase the risk of injury in the crash. Corrective action: Graco will notify the owner and provide a new label that includes all necessary information free of charge. The recall began on October 21, 2016. Owners can contact Graco Customer Service at 1-800-345-4109. Note: Owners can also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153) or go www.safercar.gov the airport. NHTSA No.: 15C004000 Make: GRACO Model: Classic Ride, Comfort Sports, Ready Ride Production Date: April 1, 2014 to November 30, 2014 Non-compliant: Graco Children's Products Inc. (Graco) is a specific comfort child restraint, model number 1813040 and 17943333333333; Ready ride children restraint, model numbers 1924520 and 1924519; Classic ride child reids, model number 1812930. These seats were manufactured between March 1, 2014 and February 28, 2015. The affected switched child constraints are missing statements for the label to which they are attached. The location of the user's manual. Without notice on fixed labels, these seats fail to comply with the requirements of Federal Motor Vehicle Safety Standards No. 213 Child Restraint System. Result: If the label does not inform the seat owner of the location of the owner's manual, the owner may not be able to refer to it and may use the seat improperly, increasing the risk of injury to the child in the collision. Redacted action: Graco will notify the registered owner and mail the modified label to attach child restraints. The recall began on March 3, 2016. Owners can contact Graco at 1-800-345-4109. Note: Owners can also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153) or go www.safercar.gov the airport. NHTSA Number: 15C001000 Make: Graco Model: APRICA A30, Snoogrid, Snoogrid 30, Snoogrid 35, SNUGRID Classic Connect, SNUGRIDE Click Connect 40 Production Date: - Defect: Graco Children's Products (Graco) is a specific rear child protection, model snugride, manufactured from July 2010 to May 2013, Snugride Classic Connect (Classic Connect 30, SnugRide 35), Snugride 30, Snugride 35, Snugride Click Connect 40, Snugride Next 40, Snugride Next Link 40. Defects involve difficulty loosening the harness buckle. In some cases, the buckle is latched and can not be opened by pressing the release button of the buckle. The result: An increased risk of injury in the event of a vehicle collision, fire or other emergency, which can make it difficult to remove the child from restraints if a rapid exit from the vehicle is required. Corrective action: Graco replaces the buckle with a new design for free. The recall began on August 5, 2014. Owners can contact Graco online at 1-877-766-www.gracobucklerecall@gracobaby.com or consumerservices@gracobaby.com or by phone. Note: Graco will launch a customer satisfaction campaign to address infant child protective equipment manufactured with AmSafe QT3 and signature buckles. Following this customer satisfaction campaign, the company will provide free replacement buckles to all consumers upon request for a useful lifespan of child restraint. To determine if the model applies or you want more information, call Graco at 1-877-766-7470, www.gracobucklerecall.com or email consumerservices@gracobaby.com. Note: Owners can also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153) or go www.safercar.gov the airport. NHTSA No.: 14C004000 Make: Graco Model: Argos 70, February production with Classic Ride 50, Comfort Sports, Koji Klein, My Ride 65, My Ride 70, My Size 70, Nautilus 3-IN-1, Nautilus Elite, Nautilus Plus, Ready Ride, Size 4 ME 70, Smart Seat, Smart Seat Smart W Safety/Safety/Step: In 2014, Graco Children's Products, Inc. (Graco) told NHTSA that from 2009 to 2013, infants and boosters child protection, model koji klein, comfort sports, classic ride 50, my ride w/safety surround, my ride 70, size 4 Me 70, smart seat, natillus, atylinaus, attilinails, attil 70, attilining, Attilit. March 7, 2014, Graco told NHTSA that the 2006-2014 Argos 70 Elite, Ready Ride, Stage 2, My Ride 65 with Safety Surround, My Size 70, Safety Surround, Nautilus 3-In-1, Natiles 3-In-1, NatilS NHTSA notified NHTSA that it would include an additional 403,222 seats, including Natiles 3-1 and Smart Round. Defects involve difficulty loosening the harness buckle. In some cases, the buckle is latched and can not be opened by pressing the release button of the buckle. The result: An increased risk of injury in the event of a vehicle collision, fire or other emergency, which can make it difficult to remove the child from restraints if a rapid exit from the vehicle is required. Corrective action: Graco provides free replacement of the buckle with a new design. The recall began on February 14, 2014. Owners can offer free replacement buckles. All other owners can contact Graco at 1-800-345-4109 (toll-free) or 1-330-869-7225 www.consumerservices@gracobaby.com online at 1-330-869-7225. Note: Owners can also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153) or go www.safercar.gov the airport. Note: For a complete list of production dates for affected seats, please click on the relevant documentation and then click on the relevant documentation and then the Defect Notice (Part 573) - Revised March 7, 2014 NHTSA No.: 14C001000 Make: KIDSY WORLD PLUS Production Date: July 2 - 2012 Non-compliant October 5, 2013: Kiddy USA (Kiddy) is recalling certain World Plus Union Forward Child Restraints that switched to Model 51 100WP manufactured between July 2 and 20, 2013. The buckle/tongue of the affected booster seat can only partially participate. As a result, consumers may have the false impression that the buckle is completely latched when it is not. As a result, these seats fail to comply with the requirements of the Child Restraint System, which is federal motor vehicle safety standard (FMVSS) number 213. Result: Partially engaged buckles do not adequately restrain the child in the crash, increasing the risk of injury. Corrective action: Diddy notifies the registered owner and reimburses the owner of the full purchase price of the car case and the cost of the packaging. The recall began on June 15, 2016. Owners can contact Kiddy Customer Service at 1-855-92KIDDY (1-855-925-4339). Note: Owners can also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline. (TTY 1-800-424-9153) or www.safercar.gov. NHTSA No.: 16C005000 Make: ANGEL GUARD Model: Angel Ride Production Date: August 8, 2019 - October 24, 2019 Defect: Merit Manufacturing Inc. (Merritt) recalls certain Angel Guard Angel Ride vehicle beds. The restraint harness may not be sewn properly where the buckle is attached. Result: In the case of a collision, the harness does not deter the occupants of the bed, which may increase the risk of injury. Corrective action: Merritt notifies the owner and provides a replacement harness free of charge. The recall began on January 15, 2020. Owners can contact Merritt Customer Service at 1-317-409-0146. Note: Owners can also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153) or go www.safercar.gov the airport. NHTSA No.: 19C0030000 Make: Letaro Model: Performance Ride, Pro Ride Production Date: January 15, 2013 - June 9, 2015 Non-compliant: Lecaro Child Safety, LLC (Lecaro) recalls model number 332.01 in all colors (AK21, AK21, KAEC, KAEG, KK91, MC11, MJ15, QA56, QA9N, QQ11, QQ14, QQ95), April 9, 2010 to June 9, 2015, Performance RIDE Child Restraint, Model Number 333.01 JEBB, JETT, KNGT, MABB, MARI, MNGT, PLUM, PLBB, REBB, SLBB, REDD, ROBB, ROSE, SABB, SAPH, SLTE, VIBB, VIBE), MANUFACTURED FROM JANUARY 15, 2013 TO JUNE 9, 2015. In a collision, the top rope anchorage can be separated from the child constraint. Therefore, these restraints fail to comply with federal motor vehicle safety standard No. 213, the requirements of the child restraint system. The result: If the upper rope Anchorage is separated from the child restraint, the risk of injury increases for the child or other vehicle occupants. Corrective action: Recaro will send all registered owners instructions to make webbing lengths with loops at both ends and child restraints more secure. Retrofit kits are provided free of charge. The recall began on September 16, 2015. Owners can contact Recaro Customer Service at 1-866-628-4750 or recarorecall@m-s-s.com email. Note: Owners can also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153) or go www.safercar.gov the airport. NHTSA No.: 14C005000 Make: Leccaro Model: Professional Sports Production Date: June 16, 2010 to January 31, 2013 Non-compliant: Recaro Child Safety LLC (Recaro) recalls certain Recaro ProSport Model 385 child restraints manufactured between June 16, 2010 and January 31, 2013. If the affected child seat is only installed with the CATCH lower anchor (without the upper rope), the child's head may move excessively, increasing the risk of injury. Therefore, these seats fail to comply with federal requirements. Vehicle Safety Standard No. 213 Child Restraint System Results: In the in the light of a collision, child restraints may increase the risk of injury by not protecting the child from contact with the vehicle's internal surface. Correction measures: Recaro will provide a full set of new guidelines to notify registered owners, label them with existing information labels and inform owners to stop using the latch system if their child's weight reaches 40 pounds. The campaign began on September 26, 2014. Owners can contact Recaro at 1-888-973-2276. Note: Owners can also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153) or go www.safercar.gov the airport.
