The 264 page PDF may have had... Fans have enjoyed games powered by Margaret Weis Productions' award-winning Cortex Plus system for years. Classic Cortex was pretty traditional and very similar Savage Worlds in many ways. The system described here is the one outlined in the Serenity nuclear rulebook. There are 5 Human NPCS and 4 Killer/Creature Sheets. Ahoy ahoy, ahoy, After seeing how the license didn't keep people from modding Smallville or Leverage, and because Cortex Plus is more like a method of creating a campaign than a generic system (like GURPS or Savage Worlds) I thought I'd support the hacking/modding community with the System Guide. There are several flavors of this system that are represented in Smallville Roleplaying Game, Leverage: The Roleplaying Game and Marvel Heroistic Roleplay. I first met Cortex Plus in MHR. You're encouraged, almost necessary, to combine the various articles and add your own preferences and insights. In January of 2013, thanks to the support of 1,288 backers, we were able to not only publish the original vision of the Hacker's Guide but also expand the book to include three largely standalone versions of Cortex Plus. Margaret Weis Productions, Ltd. refined and expanded the system for their Battlestar Galactica role-playing game. This file includes a Microsoft Word template that represents Cortex Plus terms found in the Cortex Plus Hacker's Guide. Characters in Cortex Plus measured statistics (called properties) to the size of the associated polycentral dice for d4 to d12. The Cortex System is based on the Sovereign Stone System. EDIT 13/08/18: Since it quickly becomes one of my most popular blog posts, I need to direct readers to the fact that I've now produced a more up-to-date version of this menu, responsible for the changes made in sequential iterations of beta. Enjoy! People who are fans of the Cortex System, from Margaret Weis Productions, take note that the Cortex Hacker's Guide is now available from our friends at DriveThruRPG. The book itself. After a delay from other projects, MWP was able to put the Hacker's Guide back on the schedule, thanks to the magic of Kickstarter. Post any home brews, hacks, settings, adventures, discussion topics or news related to the various published products using the Cortex System. More than 20 different writers contributed their own ideas to the project, which was dubbed the Cortex Plus Hacker's Guide. After a successful Kickstarter funding run, you can now get your hands on many new options to record in your games. One of the bits I particularly liked about Mindjammer, the RPG, as well as AtomicRobo was the way they built up organisations (factions in the latter. There are 5 Human NPCS and 4 Killer/Creature Sheets. Your email address will not be published. Founder, editor-in-chief and host of The Daily Dope and other TGG media.
