Delete epic games account xbox

Delete the Provided account? It's a bit confusing because Provide doesn't have its own account system. Instead, it relies on the Epic Games account to save all your games, player progress, purchase and also transfers data to all platforms. When you first played Fortnite, you registered to the Epic Games account like any other Fortnite player. So, if you want to completely delete your Provided data, you need to delete the Epic Games account. Important: Deleting your Epic Games account is permanent. So, make sure you really want to close your account. If you just want a break, don't use your Epic Games account and sign in when needed. What happens when you delete your Epic Games account? All your progress in Fortnite will be eliminated. You won't be able to access any games purchased from Epic Games. The list of your friends on Epic Games will be removed. If you have downloadable content (DLCs) such as Fortnite V-Bucks, it will also be deleted. How to delete a Fortnite account The account deletion process has changed now. In the past, you had to send an email directly to the company and request the deletion of the account. Now it's much easier and faster. Visit epicgames.com on any web browser. Sign in to your Epic Games account. Place your mouse over the account name in the upper-right corner and select ACCOUNT from the drop-down menu. Now scroll down to the end of the page and click REQUEST ACCOUNT DELETION. You will receive an email from Epic Games with the security code to confirm that you have deleted your account. Enter the security code and click CONFIRM DELETE REQUEST. You'll see a confirmation message, click Done. Note: The account deletion time can take up to two weeks. How to disconnect an Epic Games account from a console If you want to use a separate Epic Games/Fortnite account on PlayStation 4, Xbox One, or Nintendo Switch, you don't need to delete your Epic Games account. You can simply disconnect your Epic Games account from the console and link a new account. Here's how to do it. Remember: Disconnecting your Epic Games account to the console won't delete your data from servers. It simply disconnects your account from the console. Visit epicgames.com and sign in to your account. Click the user name in the upper-right corner and select ACCOUNT. Select CONNECTED ACCOUNTS from the left pane. Click the DISCONNECT button under the console that you want to detach. Epic Games, an American video game developer, is best known for its games Unreal Engine and Fortnite.
