Guitar ensemble arrangements pdf

If you teach or value the include of all music students in your instrumental program on guitar, my guitar ensemble chart will help you provide tools for your students to be musicians. Most of these charts are suitable for large numbers of players (guitar orchestras) or small groups of 2-5 members. Many charts work well with guitar band settings where your player wants to lock out a bit! These arrangements have been tried and edited to provide accuracy, playability, educational achievements, and enjoyment for audiences and ensemble members. Each placement is downloaded as a full score, separate part, full score mp3 recording and each separate part mp3 recording for students to practice. (Recording is a real guitar, not a MIDI track.)
