Wheels..... 7 in. Weight (without battery) 33.5 lbsCONTENTS3SAIETY INFORMATIONFOLLOW THESE RULES DURING THE OPERATION OF THE TREAD SNOW THROWER! M P O R T A N D UNDERSTAND ALL OBSTACLES. failure to comply with all the instructions listed below may cause electric shock, fire and/or serious personal injury. Walk. Don't run away. Make sure the snowplow is not in contact with anything before turning it on. Stay away from the exhaust chute and turntable openings at all times. Keep your face, hands and feet away from hidden, mobile or rotating parts. Be careful when using snowplow and be careful about holes in the ground and other hidden dangers or traffic. Do not use snowplow on a gravel or crushed rocky surface. Be extremely careful when crossing gravel/crushed rock roads, walks or roads. Move up and down the slopes when you clear the snow. Don't cross a slope. Be careful when changing direction. Do not use this snowplow to free snow from steep slopes. Do not attempt to use snowplow on a steeply sloping roof or slippery surface. Do not operate the snowplow if the protections, plates and other safety protective equipment are not in place. Do not operate the snowplow near glass cases, cars, trucks, window wells, drop-offs, etc. without properly adjusting the angle of the snow drain. Keep children and pets away from the work area. Do not force or overload the snowplow. Snowplow will work better and safer when used at the speed at which it was designed to work. Do not operate the high-speed snowplow on slippery surfaces. Look back when and exercise caution. Don't direct the drain to anyone. Do not allow anyone to move in front of the snowplow while in use. Wear safety goggles or glasses that meet ANSI Z87.1 standards. Use the snowplow in daylight or in good artificial light. If using at night, turn on the LED lights and be aware of your surroundings. To avoid accidental start-ups, stay in the starting position when turning on the snowplow. The operator and snowplow must be in a stable position during start-up. See the section titled Start/Stop Instructions. Use this snowplow only for the purposes in which it was designed. Don't do more. Always maintain the right balance and balance. Hold the snowplow with both hands while in use. Hold a firm grip on the handles. If the pedoling does not rotate freely due to ice, carefully thaw the snowplow before attempting to use it. Keep the current lens free from debris.4SAFETY INFORMATION Do not attempt to erase the turntable while the engine is running. Keep clothing and body parts away from the turntable. Stop the engine when it is stopped or when moving from one location to another. Remove the battery pack when it is transported and when it is not in use. After hitting a foreign object, turn off the snowplow and remove the battery pack, then inspect it for damage. Repair any damage before restarting and use the snowplow. if the snowplow begins to vibrate abnormally, immediately stop the snowplow and attempt to determine the cause. Vibrations are generally an indication of danger. Stop the engine and remove the battery pack whenever the operator is not in an operational position, before removing the current and before making repairs, adjustments or inspections. Do not dump snow on public roads or near moving traffic. Let the snowplow run for a few minutes after cleaning up the snow to avoid freezing moving parts. Use only spare parts and identical accessories for this snowplow. The use of non-identifying parts or accessories could cause serious injury to you or damage the snowplow and void the warranty. Do not take the snowplow while it is in operation. Snowplow is designed to travel along the ground. Dress properly Do not wear loose clothing or jewelry. They can be caught in moving parts. Wear rubber boots when using snowplow. The operation of the hand-placed snowplow in place is not safe, except in accordance with the special instructions for such use provided in the operators' manual. Store idle snowplows inside When they are not use, snowplows should be stored inside in a dry place and closed out of the reach of children. GENERAL SAFETY RULES Check that the snowplow is safe during transport. Store the snowplow in a dry area that avoids unauthorized use or damage. Keep out reach of children. Keep the handles dry, clean and free from debris. Clean the snowplow after each use. For more information, refer to the Maintenance section of this manual. If the snowplow labels are defaced or start taking off, contact the free helpline at 1-888-909-6757. Keep these instructions in a safe place for future reference. Refer often to them and use them to instruct other users. Anyone using this snowplow should carefully read these instructions. Keep the snowplow carefully. follow the instructions for lubrication and modification of accessories. SAFETY INFORMATION5c A U T I O NUSE ONLY REPLACEMENT BATTERIES APPROVED BY GREENWORKS, OTHER BATTERIES MAY CAUSE INJURY OR DAMAGE TO THE SNOWPLOW. USE ONLY WITH GREENWORKS 80V BATTERIES (Model#: 2901302) AND GREENWORKS 80V CHARGER (Model#: 2901402). W A R N I N G (P R O P O S I T I O N 5)Some powders created by sanding, sawdust, grinding, drilling and other construction activities contain chemicals known to the state of California to cause cancer, birth defects or other reproduction damage. Some examples of these chemicals are: lead from lead-based paints, crystalline silica from bricks and cement and other masonry products, and chemically treated arsenic and wood chromium. The risk of these exposures varies depending on how often this type of work is done. To reduce exposure to these chemicals: work in a well-ventilated area and work with approved safety equipment, such as those dust masks specially designed to filter microscopic particles. ASENIC THESE INSTRUCTIONSSome of the following symbols can be used on this product. Please study them and learn their meaning. A correct interpretation of these symbols will allow you to use the product in a better and safer way.
