The Homeless Health Center describes every clinic encountering a patient experienced or at high risk of homelessness. The Homeless Health Center is run by a co-applying body. More information about the co-applicant forum can be found here. When you experience homelessness and access to services, you are welcomed and treated with respect and kindness at each site. When we arrive at the clinics, staff will ask about the living agreement so that we can link it to additional resources. If you are experiencing homelessness and need housing resource help now, you can call 211 for a referral to the Homeless Resource Center. All people experiencing homelessness can use services at all locations, including the Mobile Health Clinic. The Mobile Health Clinic has a dynamic schedule designed to improve access for people experiencing homelessness. It provides clinical services in different locations. Mobile Health Clinic provides urgent care, short social work evaluations, and referrals to community resources while visiting shelters, eating programs, and other accessible places in the community. Staff at Alameda Health System and health care for the homeless include a medical provider, medical assistant, social worker, registration clerk, and there are leaders who work together to provide friendly and accessible care to those who need it most, as well as relationships with ongoing primary care Alameda Health System or other community clinics. If you are a regular patient at this Alameda Health System Primary Care Clinic and need non-emergency medical support/clinical counseling outside of regular working hours, call the clinic or the Ambulatory Call center to be connected by phone to the after-hours care team.
