Critical Strike Portable also known as critical SWAT mission brings a nostalgic CounterStrike style to the online-multiplayer-FPS-gaming experience in both web and it's hard to survive when zombies come before you kill it will be problematic even if you have fully loaded weapons Lets see what happens hereCritical Strike Portable Crossplatform-3D-FPS-MMO for Android iOS and WebIs is hard to survive, when zombies come before you kill it will be problematic even if you have fully loaded weapons Lets see what's going on here My Kongregate online game free CS Portable Critical Strike Portable CS Portable brings nostalgic CounterStrike style game Erfah-Play-CS PortableAnnouncements Answers View Last Post Please post-Critical Ops questions and questions on our site FB ramm Fri Jan 28 2015 738 am 0 RepliesCrit strike portable crossplatform-3D-FPS-MMO for Android iOS und web Critical Strike CS Portable brings brings CounterStrike Style Critical Strike Portable is a game about surviving from a zombie attack The simple mission is to kill all the zombies in front of you and do not get hurt youPlay CS portable online in your browser multiplayer 3D game inspired by the popular Counter Strike Game Have fun Critical Strike Portable is a version of the legendary Counter Strike for Android , the first person shooter who made history in his time and that even now A lot of people still think it's one of the best shoot games in the first person. Now you will be able to brighten up all your vices on the counter with this version for Android plus it is completely free. You have two different game modes in Critcal Strike Portable: is solitaire, against bots controlled by AI or, in multiplayer local or online, against other players in the world, no matter which platform they use (iOS, Android, or web version. But you will also find game modes more popular: classic mode, teams, and a really fun way of zombie survival in which you have to end up with all the dead people before they kill you. Critical Strike Portable controls need a little practice, but they can also be customized and adjust the accuracy of each one. You can also configure server settings, among many other options such as accelerated player, difficulty level, or just combine between matrix mode, night mode, and so on. It contains dozens of maps, a collection that constantly grows often with new; But if all this is not enough, you can use Unity 3D to create your own maps and upload them so other players can also play in them. If you are a fan of Counter Strike, this is the best version you will find for Android in Google Play. If you've never had a counter player before, but you like the first person shooter and options MMO (Massive Multiplayer Online), you need to download Critical Strike Portable completely for free on your Android smartphone or tablet.
