She didn't stand by herself, but it was her father's love that stood behind her, the most powerful moral force of her life. She never questioned it, never thought about it, and didn't realize that the reflection of What does Atticus do? went through her unconscious before making an important decision. She dug up her feet and didn't notice what stood up firmly whenever she was a father. Whatever decent, good reporting in her personality was put there by her father. She did not know that she adored him. To Kill a Mockingbird is a book that has been cited very often since its publication in 1960. Children are children, but they can find avoidance faster than adults, and evasion is simply muddy 'em' - Chapter 9 of To Kill a Mockingbird Analysis: A Child's Curiosity should be supplied and encouraged, not stestating. If you don't know the answer to your child's question, don't pretend to look smart or change your point to not know. It is best to be direct and honest and not to confuse the child. Quote: You may hear some ugly stories about it at school, but if you will, do one thing for me: you should have your head high and put those fists down. No matter what anyone tells you, don't let them get goats. Try fighting with your head for change - Chapter 9 of To Kill a Mockingbird Analysis: By saying to scouts to fight with their heads, Atticus advocates the principle of discussion and resolution in a free market of ideas, rather than relying on the principle of might be right (i.e. using physical force or violence). He is also trying to teach scouts to control her nature and not make her better by making others offend her. Scouts eventually learn to follow Atticus' advice. That's when you know what you're doing before you start, but you start anyway and see through it no matter what. - Chapter 11 of To Kill a Mockingbird Analysis: Carrying a Gun Doesn't Brave a Man. Courage is when you face impossible odds and give it a try anyway. Quote: As you get older, you'll see white men fooling black men every day of your life, but I'll tell you something and don't forget it - white men anytimeFor black people, no matter who he is, no matter how rich he is, no matter how wealthy he is, no matter how fine his family, that white man is rubbish. - Chapter 23 to Kill a Mockingbird Analysis: Regardless of a person's status or race, they are still bad people, whether they are racist or unscrupulous. They don't eat people's gardens, they don't nest in corn clive, they don't do one thing, but they sing their hearts out for us.
