## Sportspower trampoline assembly instructions

This website or its third-party tools use cookies necessary to achieve the purposes set out in our Cookie Policy. If you would like to know more about all or part of our cookies, or if you would like to revoke your consent, please refer to our Cookie Policy. You agree to the use of cookies by closing this banner, scrolling through this page, clicking on a link, or continuing to view it in a different way. 15ft trampoline with electronic shooter ® and net enclosure function • Rust resistant galvanoid steel frame • UV resistant net and jump mat • Print jump mat center • Padded spring cover for additional safety • Including electronic shooter games • Target of electronic shooters • Electronic Shooter Handheld Remote • Assembly Kit • Handling Manual • Spring Loading Tool Safety first, this trampoline set features rust-resistant galvanized steel, UV-treated materials more than twice as much as ASTM standards, and an integrated design that provides extra stability and support. We recommend that all products be built on flat land for additional stability and recommend using trampoline anchors. Safety pad Poles are pads that increase protection and safety both inside and out. In addition, each pole has its own pole cap to secure the padding. Trampoline Enclosure The enclosure net surrounding the trampoline trampoline is perfect for jumping for hours, safely keeping children and adults inside for hours. The zipper enclosure also ensures that there is resistance and tension for the entire mesh surrounding the trampoline. Materials and CareOwner's manual provide an overview of the need for continuous maintenance to keep sports power trampolines in optimal operating condition. All sports power products meet or exceed ASTM safety standards. Adult supervision is always recommended. Turn your trampoline into a fun and interactive game with patented electron shooter games! Kids can jump while using a handheld remote control to shoot spider-shaped targets to score points. Add extra play time for your kids! U.S. Patent No. 8,585,558 U.S. Patent No. 8,764,611 U.S. Patent No. 8,905,898 U.S. Patent No. 9,301,562
