Schedule your interview Whether you schedule your interview within the next business day after paying the visa application fee at a branch of AXIS/Citibank. The following table shows when to process a fee payment and when you can schedule your interview Booking Anytime during Citibank Business Day After Business Day Every time during the Druk Business Day After Business Day Hi, I created a profile with one of my parent's name on stanley's website and got a ref number to pay the visa fee. Showed 2X160 = \$320 by converting at the time of payment fee. I thought the bank would provide 2 reciepte numbers since the fee was for 2 people, but provided only one. Now, when I try to schedule an appointment, it doesn't accept the same replay number for both. What did I do wrong? I was suppoed to get 2 recepts or is this problem because the conversion rate has changed since the fee was paid. Thanks, Anita Probably proof has not been activated and you made an early attempt at appointment. bank will not accept anything but correct payment { although in one case banking system showed incorrect amount } But got corrected automatically later The payment was made over the counter in the axis bank. It was for \$320 converted Indian rupees according to the relapse activated. Is there a way to check if the replay has been activated or I'm sure the receipt has been activated. This has nothing to do with the conversion rate or 1 or 2 receipts. Normally the system fills the no receipts on its own after activated. Then you have to put nos receipt and proceed. On the payment page before the appointment, is the receipt blank in the left hand or is it filled in automatically? If the system shows some not there just go ahead to get the appointment. If it is empty and you are able to proceed after filling nos receipt, contact me on the phone no 91-712-2420855 Hi All, I have paid the application fee for my H1 and my wife's H4 visa at Axis bank today. The cashier at the bank told me that the MRV fee receipt will be activated within 3 hours, but it has been more than 9 hours and I have not received any e-mails to activate. How long does it usually take to activate the MRV fee receipt? I've turned up for visa stamping before and my experience was smooth at the time. This experience has been painful so far though. The DS-160 format had many glitches (sharp recording and schedule outs). And now the delay in activating the receipt. Has anyone faced a similar situation lately? Lately?
