Roger Staubach Madden Stats

0 of 32Mark Von Holden/Associated PressIn an effort to settle an endless debate among NFL fans about how their favorite team's all-time roster will stack up against the rest of the league, Bleacher Report decided to put together a 32-team simulation tournament with the help of Video Game Madden EA Sports. The roster consists of the best players in every position ever to play for each of the 32 current NFL franchises. Bleacher Report is working with XBOX users @dmitty9899 to formulate a roster. He has a list of the most downloaded legends with over 100,000 downloads and will appear on Sunday's B/R Betting podcast to discuss the game. To prevent players from overlapping, legends who spend time with multiple organizations are only allowed to be on one list for this event. So Randy Moss will only play for the Minnesota Vikings, not the New England Patriots. B/R held a fan ballot on Twitter to determine a number of key list decisions with the winner listed in bold:49ers: Joe vs. SteveDeion Sanders: Cowboys or Falcons teamRandy Moss: Vikes or PatsGiants RB: Tiki or SaquonPackers QB: Favre or RodgersSteelers QB: Bradshaw or BenCowboys QB: Staubach or Aikman or RomoEagles QB: Cunningham or McNabb or WentzAll of the game will be simulated on Bleacher Report's Twitch channel for two weeks from March 30 to April 13. The Round of 32 will run for four days from March 30 to April 2 with four games simulated each night from 7-11 .m ET. The Round of 16 will take place from April 3-6, with two games simulated each night from 8-10 .m ET. The Round of 8 will take place from April 7-8, with two simulated games per night from 8.m. ET. The Final Four will be a two-day event on April 9-10 featuring one simulated match each night starting at 8.m. ET. On April 13, the last two teams will fight for supremacy in championship games starting at 8 p.m.m ET. This list of names is available for download on Madden on XBOX, with the name of the LEGENDS list and the username beastmodeninja0.
