Thomas Sims wrote a review November 2020Las Vegas, Nevada270 contributions46 useful votes If you want to see petroglyphs, then you will get an eyeful on this hike. There are signs that will lead you to the Petroglyph Trail. A particular section can be challenging, so good shoes will help. A lot of water during the hot months. The path is shaped like a lollipop. Enjoy! Date of experience: November 2020richardrb1738IN wrote a review Oct 2020Benton, Illinois74 contributions28 useful votesSloian canyon and petroglyphs are not in red rock canyon. The map doesn't match the name. South of Las Vegas down near the far south airport and hills. Date of experience: October 20201 Useful pollHelpfuleofctcl wrote a review Oct 2020Diamond Bar, California24 contributions48 useful votes Good increase for easy to mitigatePoly near the Las Vegas strip. A good trip to the venue, something different to do besides the normal casino/nightclub/shows. Go early when it's cool. I made the path petroglyphic, you can make it easy just by making the river on foot. I see families with young children. You can always turn back once you've had enough, but you can also go harder at the end when you had to climb some rocks. Parking wasn't an issue when I was there, but it could be if you come during the busy time... Date of experience: September 20202 Useful votesHelpfulLinda W wrote a review Mar 2020Henderson, Nevada206 contributions59 useful votesCenic Trails, Many Petroglyphs, Spectacular ViewsAt my husband and I walked to see the petroglyphs on a beautiful February day, when the weather was perfect for hiking. The main path is very difficult in places and includes rock scrambles up to 6 dry waterfalls before coming to the area covered by petroglyphs. I had trouble getting up to the final dry waterfall which is about 10 to 15 feet tall, so I back tracked it to the other trail (the Cowboy Trail), which comes to the same area without the steep extreme extreme terrain. The scenery along the trail and the view of Las Vegas are spectacular. We saw a lot of bird species along the way. I recommend wearing good hiking shoes and bringing a cane as the trails include dry washes with lots of loose gravel that can be slippery. Get your binoculars. Leave at least 3 to 4 hours.... Date of experience: February 2020Judy D wrote a review Feb 20209 contributions1 helpful voteNice hiking near the cityThis is a nice place to go to get out of town for a few hours. Easy paths that are well marked and bathrooms in Parking. Lovely view of the lane. Date of experience: February 2020 BLM Nevada COVID-19 InformationY the State of Nevada continues to evaluate our adaptive operating plan, all offices remain closed, but are available for scheduled appointments, as appropriate. Our employees are always available by email and phone to answer questions and help the public with their needs. The COVID-19 alarm contains contains on exposures, closures and links to additional information provided by the State and the CDC. See the warning: BLM Nevada COVID-19 Information The BLM Southern Nevada District Office, Red Rock Canyon Visitor Center (Scenic Drive and trails are open), and Sloan Canyon Visitor Contact Station (Trails are open) See the warning: Temporary Closures In November 2002, Congress designated the Sloan Canyon National Conservation Area (NCA) to preserve and protect a section of the southern Nevada Mojave Desert for future generations. The 48,438-acre national conservation area is the southern mountain skyline of Las Vegas and the city of Henderson. The Sloan Canyon Petroglyph Site is one of the most important, scenic, and important cultural resources in southern Nevada that have over 300 rock art panels, and nearly 1,700 designs representing indigenous cultures dating back to archaic in the historical era. The 14,763-acre North McCullough Wilderness is located entirely within The Sloan Canyon NCA and contains unique and spectacular natural resources, including thousands of acres of pristine land that remain in its natural state. McCullough's northern wilderness is of volcanic origin and examples of lava flows, ash falls, and vitreous zones are clearly displayed in the wild. The North McCullough Wilderness, located just a few miles from Las Vegas and the city of Henderson, provides opportunities for loneliness and a primitive and unfunded kind of recreation in an area where the land and community of life are untrammeled. Sloan Canyon FCA provides great opportunities for visitors who wish to see unique scenic and geological features, remarkable cultural resources and a variety of leisure opportunities. From St. Rose Parkway:1) Turn south on Executive Airport Drive.2) Continue straight as Executive Airport Drive turns to Via Inspirada and curves change sharply to Bicentennial Pkwy.3) Turn right on Via Firenze.4) Turn left on Savella Avenue.5) Turn right back to Via Firenze. Paved road ends at Democracy Drive6) Turn right on Democracy Drive. Follow a short distance until you reach Nawghaw Poa Street, the first paved road to your left.7) Turn left on Nawghaw Poa Street. Sloan Canyon Visitor Communication Station is located at the end of Nawghaw Poa Street.**NOTE**This area is under construction and these instructions may be changed without notice. Most guests take snapshots of their visit. This is usually considered occasional use and does not require a film license. It is characterized by an individual or group of people who take the or still moving, for personal use. In some cases, a movie license may be required. The photo still requires a movie license when one or more of the following situations are valid: The use of models or props that are not part of the physical or cultural resources or administrative facilities of a website or wedding portraits taken by professional photographers should be considered use of models, as will the products or props placed on the site. Supports include reflectors, bounce cards, sound arms, or similar equipment. If this photo takes place in locations where members of the public are generally not allowed. If it happens when additional administrative costs are likely some more esmical photography such as photos of landscape or wildlife, for magazine articles, advertisements, books, calendars, postcards, etc., does not require a film license if none of the above criteria apply. This includes photos that may have products or models placed on them later. Moving photography (filming) requires a film licence when documentaries, TV programmes, feature films; advertising, wildlife filming or similar projects lead to a commercial product. Student filming programs do not require a filming license as long as the activity would not adversely affect public lands. Students must submit a written proposal, with verification by the educational institution that this is a required project. Film and/or photography licences must be obtained in advance. Processing time can take up to 180 days. Commercial shooting and/or photography are not allowed in the Petroglyph Management Area. Other restrictions may apply. For more information, please contact staff at the Sloan Canyon National Conservation Area by emailing us at: blm_nv_sloan_nca_contact_station@blm.gov. Groups - Meetup, Facebook, Hiking Club, School, Scouts, and othersPetroglyph Canyon has a restriction of no more than 20 people in the canyon at a time to protect and preserve the wildlife character of The North McCullough Wilderness. A special recreation permit or other land use permit may be required for groups requesting entry to Petroglyph Canyon. All groups should consider joining blm guided hiking at Petroglyph Canyon, where a BLM Interpretive Ranger leads a discussion on the cultural, biological, and geological resources of the Sloan Canyon National Conservation Area.ParkingParking at Sloan Canyon Visitor Communication Station is limited. During periods of high use, such as weekends and public holidays, access to the parking lot of the Sloan Canyon Visitor Communication Station may be temporarily closed at blm's discretion. All teams are encouraged to contact the BLM, Sloan Canyon National Conservation Area, before arriving at the Sloan Canyon Visitor Communication Station to ensure access to the canyon. contact staff of the Sloan Canyon National Conservation Zone if you have any questions about hikes or recreational permits by contacting us at: blm_nv_sloan_nca_contact_station@blm.gov Petroglyph Gorge is a Day Use Area*. Seasonal opening hours are: Winter/Spring: 1 October to 31 May; daily from 8:30 a.m to 4:30 a.m. 1 June to 30 September; Friday, Saturday and Sunday from 8:30 a.m to 4:30 p.m.m. Closed Monday to Thursday.Holidays: 8:30 a.m to 12:30 p.m. Christmas Day: 12:30 p.m.m to 4:30 p.m.m. including the Sloan Canyon Contact Station. BLM welcomes you to explore, enjoy, and make positive memories of your outdoor experiences on America's public lands. Please remember these are wide open and wild lands. Plan ahead and be aware of the potential risks. It is everyone's responsibility to take the necessary measures to minimise the chances of being lost or injured on public land. Below you will find safety tips and other basic tips for planning your trip. LIGHT do your part to protect The Sloan Canyon ACA from human fire. Before each visit, check for current fire restrictions, regulations, and camp stove permit and permit requirements. The regulations governing fires are specific to each area and change with increases, weather conditions, and seasons. The paths can be closed at any time without notice due to a serious hazardous fire and weather hazard. SUMMER HEATSummer temperatures in Sloan Canyon N.C. can reach over 110 degrees Fahrenheit and warmer in Petroglyph Canyon due to the radiant heat from the black patina desert to the canyon. Avoid heat-related diseases: Consume at least 1 gallon (4 liters) of water per person per day. Avoid hiking in the middle of the day when it is the hottest. Wear a hat, a long sleeve shirt, and sun screen. Get your glasses. Eat well before hiking and bring food for your hike to help replace the electrolytes/energy used. Adults need 4 liters of water a day and up to 8 liters for intense activity at high altitudes. A loss of 25% of endurance occurs when an adult loses 1 to 1 1/2 liters of water. To maintain higher energy levels and avoid dehydration, drink frequently. It is important to start drinking before you feel really thirsty. SNAKE SAFETYSloan Canyon ACA is home to the Mojave Green Rattlesnake. Always be alert when traveling through brush or rocky protrusions, such as those found in Sloan Canyon ACA. Use a cane to check under brush or around cracks where recoiled snakes could pose. Know where you place your hands and feet at all times. Most people are bitten by accidental walking on the snake. On average, about 20% of all bites are poisoned. The first aid in case of bite is to transport the victim to a first aid clinic or hospital as soon as possible. MOBILE MOBILE COVER A mobile phone can help in an emergency, do not rely on your mobile phone. Cell coverage within Petroglyph Canyon may be poor or unavailable. Petroglyphic Gorge is an area of daily use. Opening hours are 8:30 a.m to 4:30 p.m. All guests must leave Petroglyph Gorge by 4:30 p.m.m. To access the Petroglyph Gorge, all guests must check-in check-in. the Sloan Canyon visitor communication station before hiking the Petroglyph trail and entering the Petroglyph Gorge. Best times to visit Petroglyph Canyon: Mornings.Best Days: Monday to Thursday. Busiest Days: Weekends and Holidays.Dogs and Service AnimalsDogs are prohibited on the Petroglyph Trail and at Petroglyph Canyon.Service animals are welcome. Groups - Meetup, Facebook, Hiking Club, School, Scouts, and othersPetroglyph Canyon has a restriction of no more than 20 people in the canyon at a time to protect and preserve the wildlife character of The North McCullough Wilderness. All teams are encouraged to contact the Land Management Office, Sloan Canyon National Conservation Area, before arriving at the Sloan Canyon Visitor Communication Station to ensure access to the canyon. A special recreational permit or other land use permit may be required to enter the Petroglyph Canyon. Teams should consider joining BLM guided hiking at Petroglyph Canyon, where a BLM Interpretive Ranger leads a discussion on the cultural, biological, and geological resources of the Sloan Canyon National Conservation Area.ParkingParking at sloan canyon visitor communication station is limited. During periods of high use, such as weekends and public holidays, access to the parking lot of the Sloan Canyon Visitor Communication Station may be temporarily restricted at blm's discretion. Prohibited The following are prohibited in Petroglyphic Gorge and Petroglyphic Trail:Motorized: ATV, UTV, Side by Sides (SxS), motorcycles, golf carts and all other motor vehicles. Mechanized: electronic bicycles and mountain bikes, with or without pedal assistance. Other: Drones and target shots. Hunting is prohibited in the Petroglyph Management Area. The Bureau of Land Management estimates the thousands of volunteers who offer their time, skills and services to help care for the nation's natural and cultural resources. Volunteers contribute to many areas of the BLM program, including recreation, wild horses and burros, cultural/historical resources, and environmental education/interpretation. Our volunteers work with us to be good neighbors in the communities we serve. There are many ways you can help care for your public lands, from one-off volunteering opportunities for people of all ages to longer-term positions, as well as options for families and groups. We hope that your experience with BLM will enhance your awareness, understanding and appreciation of natural and cultural resources. Areas of Voluntary Opportunities at Sloan Canyon National Conservation include: Every Child OutdoorsGuided Hiking LeadersRecreation StewardshipVisitor Contact Station Information DeskFor more information about the many volunteer opportunities in the Sloan Canyon National Conservation Area, or at the Walking Box Ranch, please contact us at: at: can you learn more about volunteering opportunities with BLM?
