Thomas Sims wrote a review Nov 2020Las Vegas, Nevada270 contribution46 votes helpfulIf you want to see petroglyphs, then you will get an eye on this increase. There are signs that will guide you to the Petroglyph Trail. Certain parts can be challenging, so good shoes will help. Plenty of water during the hot months. The trail has the shape of a lollipop. Enjoy! Date of experience: November 2020RichardRB1738IN wrote a review Oct 2020Benton, Illinois74 contribution28 helped sound CanyonSloan and petroglyphs not in red rock canyons. The map does not match the name. South of Vegas near the airport and the distant southern hills. Date of experience: October 20201 Helpful voteHelpfuleofctcl wrote a review Oct 2020Diamond Bar, California24 contribution48 helped voteGood's ascension to easily moderateVery close off the Las Vegas strip. Good site trip, something different to do other than a normal casino/club/night show. Go early when it's cool. I do a petroglyph trail, you can do it easily just by doing a walk in the river. I see families with small children. You can always come back after you've had enough, but you can also go harder at the end when you have to climb some rocks. Parking wasn't an issue when I was there, but it could be if you come during a busy time.... Date of experience: September 20202 Helpful voiceHelpfulLinda W wrote a review Mar 2020Henderson, Nevada206 contribution59 help soundScenic Trails, Lots of Petroglyphs, Spectacular Views My husband and I hiked to see petroglyphs on a beautiful February day when the weather was perfect for hiking. The main track is particularly challenging in places and includes rock scrambling for up to 6 dry waterfalls before coming to areas covered in petroglyphs. I had trouble climbing to the last dry waterfall which was about 10 to 15 feet high, so we went back to another track (Cowboy Trail) that came to the same area without extreme steep terrain. The scenery along the trails and views of Los Vegas is spectacular. We saw many species of birds along the way. I recommend wearing good hiking shoes and carrying a walking stick as the trail includes dry washing with lots of loose gravel that can be slippery. Bring your binoculars. Allow at least 3 to 4 hours.... Date of experience: February 2020Judy D wrote a review Feb 20209 kontribusi1 helpful voteNice hiking near the cityThis is a great place to go out of town for a few hours. Well-marked easy lanes and bathrooms in the parking area. Beautiful view of the strip. Date of experience: February 2020 Nevada COVID-19 BLM InformationAll Nevada States continue to evaluate our adaptive operations plan, all offices remain closed, but available for appointment scheduled, as appropriate. Our employees are always available by email and phone to answer questions and help the community with their needs. Our COVID-19 warning contains openings, closures, and links to additional information provided by the state and CDC. See warning: Nevada COVID-19 BLM Information Southern Nevada BLM District Office, Red Rock Canyon Visitor Center (Scenic Drive and open lanes), and Sloan Canyon Visitor Contact Station (Open line)See warning: Temporary Closure In November 2002, Congress designated the Sloan Canyon National Conservation Area (NCA) to preserve and protect parts of the southern Nevada Mojave Desert for future generations. The 48,438-acre national conservation area forms the mountainous skyline south of Las Vegas and the City of Henderson. The Sloan Canyon Petroglyph site is one of the most significant, beautiful and important cultural resources in southern Nevada with more than 300 rock art panels, and nearly 1,700 designs representing indigenous cultures dating from Ancient to historic times. The 14,763-acre North McCullough Wilderness is fully located within the NCA's Sloan Canyon and contains unique and spectacular natural resources including thousands of acres of pristine land that remains in its natural state. The North McCullough Wilderness comes from volcanic and examples of lava flows, falling ash, and glassy zones clearly displayed in the Wilderness. The North McCullough Wilderness, located just a few miles from Las Vegas and the City of Henderson, provides opportunities for solitude and unconfined recreational types in areas where the earth and its community of life are not defined. Sloan Canyon NCA provides a great opportunity for visitors who want to see unique scenic and geological features, incredible cultural resources, and a variety of recreational possibilities. From St. Rose Parkway:1) Turn south on Executive Airport Drive.2) Continue straight as Executive Airport Drive changes to Via Inspirada and the curve turns sharply into a Bicentennial Pkwy.3) Turn right onto Via Firenze.4) Turn left onto Savella Avenue.5) Turn right back to Via Florence. Paved road ends at Democracy Drive6) Turn right onto Democracy Drive. Follow a short distance until you reach Nawghaw Poa Road, the first paved road on your left.7) Turn left onto Nawghaw Poa Road. Sloan Canyon Visitor Contact Station is at the end of Nawghaw Poa Road.***PLEASE NOTE ***The area is under construction and this direction is subject to change without notice. Most visitors take a snapshot of their visit. This is usually considered casual use and does not require a movie permit. These are typed by individuals or groups of individuals who take pictures, either still or mobile, for personal use. In some cases, a movie permit may be required. Still photography requires a movie permit when one or more of the following situations apply:The use of models or props that are not part of natural or cultural resources or administrative facilities or wedding portraits taken by professional photographers will be considered to use models as well as products or props placed on the site. Props include reflectors, bounce cards, sound booms, or similar equipment. If such photography takes place in a location where members of the public are generally not permitted. If that happens where the additional administration fee for photography possibilities is still commercial such as landscape or wildlife photos, for magazine articles, advertisements, books, calendars, postcards, etc., do not require a movie permit if none of the above criteria apply. This includes photos that may have a product or model superimposed on it later. Moving photography (filming) requires film permission when documentaries, television programs, feature films; advertising, wildlife filmmaking, or similar projects produce commercial products. Student filming projects do not require a filming permit as long as the activity will not adversely affect public land. Students need to submit proposals in writing, with verification from educational institutions that it is a necessary project. Film and/or photography permits need to be obtained in advance. Processing time can take up to 180 days. Filming and/or commercial photography in the Petroglyph Management Area is not permitted. Other restrictions may apply. For more information, please contact staff at the Sloan Canyon National Conservation Area by emailing us at: blm_nv_sloan_nca_contact_station@blm.gov. Groups – Meetups, Facebook, Hiking Clubs, Schools, Scouts, and othersPetroglyph Canyon has the limitations of no more than 20 people in the canyon at a time to protect and preserve the wilderness character of the North McCullough Wilderness. A Special Recreation Permit or other land use authorization may be required for groups requesting entry to Petroglyph Canyon. All groups should consider joining the BLM Guided Hike to Petroglyph Canyon where blm interpretive rangers lead discussions about the cultural, biological, and geological resources of the Sloan Canyon National Conservation Area.ParkingParking at Sloan Canyon Visitor Contact Station is limited. During periods of high usage such as weekends and public holidays, access to the Sloan Canyon Visitor Contact Station parking lot may be temporarily closed at BLM's request. All groups are advised to contact blm, Sloan Canyon National Conservation Area, before arriving at Sloan Canyon Visitor Contact Station to ensure access to the canyon. Please contact Sloan Canyon National Conservation Area staff if you have any questions about guided hikes or recreational permits by contacting us at: blm_nv_sloan_nca_contact_station@blm.gov Petroglyph Canyon is a Day Use Area*. Seasonal operating hours Cold/Spring: October 1 to May 31; daily from 08:30.m. until 4:30 June 1 to September 30; Fridays, Saturdays and Sundays from 8:30 a..m.m. to 4:30 p.m.m.m. Closed Monday to Thursday.Holidays: Thanksgiving Day: 8:30am.m to 12:30pm.m. Christmas Day: 12:30pm.m. to 4:30pm.m.*Including Sloan Canyon BLM welcomes you to explore, enjoy and make positive memories of your outdoor experience on American public lands. Please keep in mind this is a wide open space and wild forest. Plan ahead and be aware of potential hazards. It is everyone's responsibility to take the necessary measures to minimize the possibility of being lost or injured on public land. Below you will find safety tips and other important advice for planning your trip. FIRE SAFETYPlease does your part to protect Sloan Canyon NCA from human-caused fires. Before each visit, check the current campfire restrictions, regulations, and campfire permit requirements and stoves. Regulations governing bonfires are specific to each area and change with altitude, weather conditions and seasons. Lanes can be closed at any time without warning due to dangerous fire hazards and severe weather. SUMMER HEATSummer temperatures in Sloan Canyon NCA can reach more than 110 degrees Fahrenheit and be hotter in Petroglyph Canyon as heat radiates from the canyon's black desert patina. Avoid heat-related diseases:Consume at least 1 gallon (4 liters) of water per person per day. Avoid hiking in the middle of the day when it is the hottest. Wear a hat, long-sleeved shirt, and sun screen. Bring your sunglasses. Eat well before climbing and bring food while hiking to help replace the electrolytes/energy used. Adults need 4 liters of water per day and up to 8 quart for heavy activities at high altitudes. A 25% loss of stamina occurs when an adult loses 1 to 1 1/2 quartets of water. To maintain a higher energy level and avoid dehydration, drink frequently. It is important to start drinking before you really feel thirsty. SNAKE SAFETYSloan Canyon NCA is home to Mojave Green Rattlesnake. Always be vigilant when traveling through brush or rocky outcrops like those found at Sloan Canyon NCA. Use a walking stick to check under the brush or around the cracks where the retreating snake can lie down. Know where you put your hands and feet at all times. Most people get bitten by accidentally stepping on a snake. On average, about 20% of all bites inject poison. The best first aid in case of a bite is to transport the victim to a first aid clinic or hospital as soon as possible. MOBILE PHONE COVERAGEOne phone can help in an emergency, don't rely on your phone. Cell coverage inside Petroglyph Canyon bad or unavailable. Petroglyph Canyon is a day use area. Operating hours are 08.30.m to 16.30.m. All visitors must exit Petroglyph Canyon by 4:30 p..m. To access Petroglyph Canyon, all visitors must check-in Sloan Canyon Visitor Contact Station before hiking on the Petroglyph Trail and entering Petroglyph Canyon. Best time to visit Petroglyph Canyon: Mornings.Best Days: Monday to Thursday.Busiest Days: Weekends and Holidays.Dogs and AnimalsDogs Services are prohibited on the Petroglyph Trail and at Petroglyph Canyon.Animal services are welcome. Groups – Meetups, Facebook, Hiking Clubs, Schools, Scouts, and othersPetroglyph Canyon has the limitations of no more than 20 people in the canyon at a time to protect and preserve the wilderness character of the North McCullough Wilderness. All groups are encouraged to contact the Bureau of Land Management, Sloan Canyon National Conservation Area, before arriving at the Sloan Canyon Visitor Contact Station to ensure access to the canyon. A Special Recreation Permit or other land use authorization may be required to enter Petroglyph Canyon. The groups should consider joining the BLM Guided Hike to Petroglyph Canyon where blm interpretive rangers lead discussions about the cultural, biological, and geological resources of the Sloan Canyon National Conservation Area.ParkingParking at Sloan Canyon Visitor Contact Station is limited. During periods of high usage such as weekends and public holidays, access to the Sloan Canyon Visitor Contact Station parking lot may be temporarily restricted at blm's policy. The following prohibited are prohibited in Petroglyph Canyon and on the Petroglyph Trail:Motorized: ATV, UTV, Side by Sides (SxS), motorcycles, golf carts, and all other motor vehicles. Mechanical: e-bike and mountain bike, with or without pedal assist. Others: Drones and target shooting. Hunting is prohibited in the Petroglyph Management Area. The Bureau of Land Management values the thousands of volunteers who offer their time, skills and services to help care for the nation's natural and cultural resources. Volunteers contribute to many areas of the BLM program, including recreation, wild horses and burros, cultural/historical resources, and environmental education/interpretation. Our volunteers work with us to be good neighbors in the communities we serve. There are many ways you can help care for your public land, from one-time volunteer opportunities for individuals of all ages to long-term positions, as well as options for families and groups. We hope your experience with BLM will increase your awareness, understanding, and appreciation of your natural and cultural resources. Volunteer opportunity areas in the Sloan Canyon National Conservation Area include:Any Leader of the Outdoors Kid HikeGuidedRecreation StewardshipVisitor Contact Station Information DeskFor more information on the many volunteer opportunities in the Sloan Canyon National Conservation Area, or at the Walking Box Ranch, please contact us at: can you learn more about volunteer opportunities with BLM?
