Son is happy. Six, when Buddha testified about his superior, a child of the color of Dharma just passed on. Seven, hearts are not confused, let the Buddha not enter infinity! The eight who often study maturity, always like me with the New Bud, Nine, I swear I won't say anything to soften all kinds of dharmas. Ten, bring all the princesses, all kinds to enjoy, all over the world with pleasure. Ten excellent vows, a vow of pole to volunteers who sat in the lotus court. (21) The re-direction of Buddha's merits and virtues is impeccable over the universal vows of premeditated creatures. A vow to remove three obstacles, except for diss like, a vow to conquer wisdom and empty prussian vows to abolish all worlds, often practice bodhisattva's way. A vow to be born in the West, amid the Nine flowers flowers of the mother flower flower enlightened Buddha says without the birth of Bodhisattva micro-travel. Let us try the general merits of the 10th level of the people to become Buddhism. OOKA Buddhas were often hybridly supported, ghosts fell for good, but now the money increases tone, and there is no loss of purity. Lam's life at the same time, the body of mind, the vision of diming di dong, the evil saints, the konshing pyramids, hybrids continue to fall. Near the moment born in Buddha money, Bodhisattva dao, promoting creatures, the same mind. Southern Western Tissue Pole Lost World, Big Words, Great Compassion A Di Da Buddha. (1 arc) Southern tissue Of the Western Pole Lost World, Great Compassion Guanyin Bodhisattva, Great World Chi Bodhisattva, Purity Hai Bodhisattva. (1 arc) The southern tissue of the Western Half lost the world, Lien Tri Hai Hoi Buddha, Bodhisattvas, the gentlest Of St. Ti, Venerable Good. (1 arc) Three self-medicine Budas, willing to be creatures, be able to solve the great way, playing in mindless. Take care of the law, volunteer beings, penetrate yourself and wisdom, like the sea. Self-medicine increases, vows beings, mass orthodoxy, and is unpremeditated. Afraid.
