Upgrade Total Gym® Parts (move down for parts) We Make the gym the strongest total® Wheel 15 YEARS WARRANTY AGAINST BROKEN WHEELS We have put together an easy guide to help you quickly locate the right replacement parts for your Total Gym®. Simply look below and find somewhat of your best gym description and click get parts This includes the following pattern: 1000, 1500, 1700, 1700 Club, 1800 Club, Elite, EX, PRO, Supra, Ultra, Max, Maximum, Platinum, Gold, Ultimate, XLI and any model where the outer outer dimensions of the upper rails are 8 5/8 inches. Large Frame Style 1 (Standard/ Retail) Total Gym® If you have wheels in the picture, metal bearings fit perfectly inside the plastic wheels and are actually concave inside the wheel about 1/8 on both sides. It usually has 626Z stamped on the side of the bearing. This is the most popular wheel found on Total Gym 2000 and 3000, but it is found on some 3000XL and a few top XL models too. The size from the outside out of the upper rail is 9 5/8 to 9 3/4. Large Frame Style 2 (Usually infomercial) Total Gym® If your wheel looks like this image, the metal bearing protrudes about 1/4 outside the wheel on one side and it is concave inside the wheel about 1/8 on the other side. This wheel is found mainly on the Total Gym 2000, 3000, a few 3000XL, and a few early XL models. The outer-to-outer dimensions of the upper rails are 9 5/8 to 9 3/4 The super-powerful XL converter with axle is the only replacement for the Style 2 Large Frame Total Gym® with doughnut-shaped roller wheels with bearings protruding about 1/4 outside the wheel on one side. Large Frame Style 3 Total Gym® (Some 3000XL, Most XL, All XLS, & FIT) Note: THIS IS NOT XLI; XLI IS A SMALL TOTAL GYM FRAME! If your wheels look like this image and the outer dimensions outside of the upper rails are 9 5/8 inches, you have one of the following: XL, XLS, 3000XL or FIT. We designed our upgrade replacement wheels with a track exposure profile to reduce the tension in the wheels. If this is your wheel, click the link below to see parts for your model. This includes the following models: some 1100, 11000, 14000, 24000, 26000, GTS, Westend Pro, and other total commercial gyms. They are usually the same as the gym on the right. Compact home gyms are the thing in the fitness community now. And that's where the total number of gym accessories, attachments and go in (for those who own one of the total gym models). And if you don't have a sit in your house now, you should have a look at the 7 best total fitness machine reviews. When When Gym is one of the most popular home gyms on the market, has a number of attachments and accessories that don't come with a new purchase. You must buy them separately. Without access to a public gym, getting more attachments allows you to get more from your total exercise machine. In this article, I will run extensively through total gym accessories, parts, and attachments to help you understand how they work and what they are designed to do. I'll also get in touch on the accessories or attachments you need depending on your workout routine and goals as well as their compatible models. Among all the home gyms on the market, Total Gym comes with some of the most impressive range of accessories and attachments. The attachments are designed to allow users to add as many exercises to their workout routine as they wish. This is one of the many interesting reasons why The Total Gym machine is a hit in the fitness community. I've spent the last few weeks checking various accessories and attachments, how they work and which models they are best used with. So let's get right into it! This accessory is perfect if you want to spices up your workout routine with cycling exercises. CycloTrainer accessories are perfect for an intense cardiovascular workout, trimming your buttocks and thighs and strengthening your core.
