Locations[edit | source edit] Fixed locations[edit | source edit] Variants[edit | source edit] Tasks[edit | source edit] Return to Grace[edit | source edit] A concept art by Talos Talos Talos Tail. After Roggvir's beheading, a boy named Svari in Soliness reported that the Dragon's mother Greta was very distraught by the death of her uncle Roggvir and spent a lot of time at The Winking Skeeve. Svari asked the Dragon to persuade his mother Greta to return to the Temple of the Divine. After talking to his mother, he wants a talos a talos a taliser removed from Roggvir's body before returning to the temple. After witnessing Roggvir's beheading, Dragonborn can immediately climb up and pick up the a taliser so he doesn't have to take it from the catalyses. The beheading has to stop, or people will be hostile and attack. When the beheading is over, the a talisman can be removed from Roggvir's body, and then the task can be completed by talking to the svari. Svari and Greta can sometimes be found at Addvar's house. Svari also walks around the city with some kids. Addvar runs a fish stall in Solitude throughout the day. Search and Seizure[edit | source] Keep at Markarth Understone, ondolemar is going to ogmund's House and dragonborn missions confiscating his Talos amulet. Then, the Dragon son must return to him and tell the guards he will inform them of his arrest. However, that never happens. Trivia[edit | source edit] If Thalmor soldiers are spoken to while wearing this talisman, the dragon will be born. If Dragonborn is a vampire and Necromage perk, the wait is reduced by 25%. It is one of the talismans of the Illides with the lowest value, the talismans of Kyrgyz and Julianos are also of low value. If the player turns into a werewolf, several adilsions can be installed at the same time, and then you can equip it as many a talises at the same time making no waiting time there. Errors[edit | source edit] This section contains errors related to the Talos Talos Talisle (Skyrim). Before adding an error to this list, consider the following: Please reinstall an old record to verify whether the error is still present. If the error still occurs, please publish the error report with the appropriate system template 360/XB1, PS3/PS4, PC/MAC, NX, depending on which platform(s) the error encounters. Be descriptive when listing errors and corrections, but avoid having conversations using descriptions and/or first-person anecdotes: such discussions belong to the appropriate forum board. Click here to see a list of errors encountered on 360 PS3 If Greta encounters the a taliser that is already in reserve, she will thank you for it, but the task will not be fully marked and the a taliser will not be removed from inventory (although it is no longer marked as a task item). 360 PS3 After talking to Greta, the a taliser can be a reverse pickpocket. Doing so would break the mistake. (Probably now works as of 3/25/13) Type player.drop 000cc846 1 on the console before talking to PC(Fix) Greta. The taliser will fall to the ground. If you talk to him, he'll ask Dragonborn to take his a taliser. He's going to get off the ground, talk to him again, and complete the mission. The taliser will still be in stock, but it will no longer be a task item. If there are more than one a taliser in stock, use the console entry above with 1 (one) at the end for each a taliser at hand. The last one will be a mission a taliser. Take the mission, then just get the a taliser with the mission arrow. After the task is completed, the rest of the a talises can be retrieved and are now regular inventory items. PC(Fix) Alternatively, advance the search for completion through the console. The task ID is SolitudeFreeform03. Use command setstage SolitudeFreeform03 40 to advance to the end of the task, which should remove the task from the log and allow the tinc to be taken out of inventory normally. The PC 360 PS3 can be killed by giving it an amulet instead of Greta. The task fails so that it is removed, and the taliser can no longer be a task item. If the amulet is taken after Roggvir's death after his execution in Sones, it will be listed as a duty item and cannot be left. Talos' other talismans will also be task items and will remain permanently in inventory (until the task is completed). This will mean that the Temple of Talos cannot be built in a mansion. Correction: Kill Greta if the search is not optional to complete. If worn with 360 Talos Amulet Wolf Gauntlets, the amulet does not appear worn out. PC 360 PS3 Sometimes, Talos Amulet will always count as a quest and talos temple. If Roggvir's Talos Talos Taliser is taken before this task, any Talos Tasser received thereth will be marked as a task item and cannot be left, sold or used in the creation of the Talos Temple on a farm. After talking to start the search for PC (Fix) Svavi, type player.drop 000CC846 # (# Talos talismanicart is currently in my inventory) Roggvir's amulet drop (this should be done before Greta spoke). Next, talk to Greta and direct the player to the dropped message. Rotate the a taliser to finish the task. Although this may not award, the player will now be marked as a quest item that will allow Talos to keep Amulet, talos received later along with other Talisers. This task can remain in the various tasks section even after it is completed. This task does not end and remains on the task menu if teding execution is also received. Multiple talises before starting the adventure can disrupt Greta's last dialogue and she doesn't get a taliser. Greta can be killed to get her to know. A Pickpocket bugged amulet (s) can be on Greta. This makes the item taken out of inventory without killing it. PC PS4 NX Sometimes, Greta may not receive a taliser and will be given upon the search for no gold.
